

Casella Waste Systems, Inc. Announces Pricing of Finance Authority of Maine Solid Waste Disposal Revenue Bonds and Remarketed VEDA Solid Waste Disposal Revenue Bonds

March 27, 2018

RUTLAND, Vt., March 27, 2018 (GLOBE NEWSWIRE) -- Casella Waste Systems, Inc. (NASDAQ: CWST), a regional solid waste, recycling and resource management services company, announced today that it has priced two previously announced transactions relating to certain of its industrial revenue bonds.

Casella said that it has priced the previously announced offering of \$15.0 million aggregate principal amount of Finance Authority of Maine ("FAME") Solid Waste Disposal Revenue Bonds (Casella Waste Systems, Inc. Project) Series 2015R-2 (the "FAME Bonds"), which were issued under an indenture between FAME and the bond trustee. The FAME Bonds represent the drawdown of the remainder of the FAME 2015 solid waste disposal revenue bonds, the initial proceeds of which, in the amount of \$15.0 million, were loaned to Casella in August 2015. The FAME Bonds will bear interest at a rate of 4.375% per annum for a term interest rate period ending on July 31, 2025, and will be guaranteed by all or substantially all of Casella's subsidiaries. The FAME Bonds have a final maturity of August 1, 2035. The issuance of the FAME Bonds is expected to close on April 2, 2018. The FAME Bonds are not a general or contingent obligation of FAME, or of the State of Maine, and are payable solely from amounts received from Casella under the indenture. The net proceeds of the FAME Bonds will be loaned to Casella to enable it to finance or refinance the costs of certain of Casella's solid waste landfill facilities and solid waste collection, organics and transfer, recycling and hauling facilities in Maine and the cost of issuance of the FAME Bonds.

The Company also announced that it has priced the previously announced remarketing of \$16.0 million aggregate principal amount of Vermont Economic Development Authority ("VEDA") Solid Waste Disposal Revenue Bonds (Casella Waste Systems, Inc. Project) Series 2013 (the "VEDA Bonds," and together with the FAME Bonds, the "Bonds"). The VEDA Bonds will bear interest at a rate of 4.625% for a ten-year term interest rate period. The VEDA Bonds were originally issued on April 4, 2013 and have a final maturity of April 1, 2036. Pursuant to the indenture under which the VEDA Bonds were offered, the interest rate period under which the VEDA Bonds were previously issued is expiring on April 2, 2018 and accordingly the VEDA Bonds will be remarketed at a new interest rate for a new interest rate period. The VEDA Bonds are guaranteed by all or substantially all of Casella's subsidiaries. The VEDA Bonds are not a general or contingent obligation of VEDA, or of the State of Vermont, and are payable solely from amounts received from Casella under the indenture. Casella has issued a notice of a mandatory tender for the VEDA Bonds with respect to the expiring interest rate period. The remarketing is expected to occur on April 2, 2018.

The Bonds are being offered only to qualified institutional buyers as defined in Rule 144A under the Securities Act of 1933, as amended (the "Securities Act").

The Bonds have not been and will not be registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and other applicable securities laws.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the Bonds, nor shall there be any sale of the Bonds in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction. This notice is being issued pursuant to and in accordance with Rule 135c under the Securities Act.
