

Casella Waste Systems, Inc. Announces Pricing of Up to \$25.0 Million of Vermont Economic Development Authority Solid Waste Disposal Revenue Bonds (Casella Waste Systems, Inc. Project) Series 2022A-2

March 6, 2025

RUTLAND, Vt., March 06, 2025 (GLOBE NEWSWIRE) -- Casella Waste Systems, Inc. ("Casella") (NASDAQ: CWST), a regional solid waste, recycling and resource management services company, today announced that it has priced the previously announced offering of up to \$25.0 million aggregate principal amount of Vermont Economic Development Authority (the "Issuer") Solid Waste Disposal Revenue Bonds (Casella Waste Systems, Inc. Project) Series 2022A-2 (the "Bonds") to be issued under an indenture between the Issuer and the bond trustee, dated as of June 1, 2022 (the "Indenture"). The Bonds represent the drawdown (which would no longer be available to the Company if not occurring by June 1, 2025) of the remainder of the Vermont Economic Development Authority Solid Waste Disposal Revenue Bonds (Casella Waste Systems, Inc. Project) Series 2022, the initial proceeds of which, in the amount of \$35.0 million, were loaned to the Company in June 2022.

During the initial fixed interest rate period ending on May 31, 2032, the interest rate on the Bonds will be 4.375% per annum, and the Bonds will be guaranteed under a guaranty (the "Guaranty") by substantially all of Casella's subsidiaries (the "Guarantors"), as required by the terms of the Loan Agreement, dated as of June 1, 2022, between the Issuer and Casella (the "Loan Agreement"), pursuant to which the Issuer will loan the proceeds of the Bonds to Casella. The Bonds will mature on June 1, 2052. The offering of the Bonds is expected to close on or about March 11, 2025. Casella intends to use the proceeds of the Bonds to finance and/or reimburse certain costs of qualifying capital projects in the State of Vermont and to pay certain costs of issuance of the Bonds.

There can be no assurance that all approvals with respect to the Bonds will be received, that all other conditions to the offering of the Bonds will be satisfied or that the offering will be completed.

The Bonds will not be a general obligation of the Issuer and will not constitute indebtedness of or a charge against the general credit of the Issuer. The Bonds will not be a debt of the State of Vermont or any political subdivision of the State of Vermont, and will be payable solely from any remarketing proceeds and from amounts received from Casella under the terms of the Loan Agreement and from the Guarantors under the Guaranty.

The Bonds are being offered only to qualified institutional buyers as defined in Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"). The Bonds have not been and will not be registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and other applicable securities laws.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the Bonds, nor shall there be any sale of the Bonds in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction. This notice is being issued pursuant to and in accordance with Rule 135c under the Securities Act.

Safe Harbor Statement

Certain matters discussed in this press release, including, among others, the statements regarding the offering of the Bonds and Casella's expectations regarding the use of proceeds of the Bonds, are "forward-looking statements" intended to qualify for the safe harbors from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements can generally be identified as such by the context of the statements, including words such as "believe," "expect," "anticipate," "plan," "may," "will," "would," "intend," "estimate," "guidance" and other similar expressions, whether in the negative or affirmative. These forward-looking statements are based on current expectations, estimates, forecasts and projections about the industry and markets in which Casella operates and management's beliefs and assumptions. Casella cannot guarantee that the offering of the Bonds will be completed, that the Bond proceeds will be available or applied as expected or that it actually will achieve the plans, intentions, expectations or guidance disclosed in the forward-looking statements made. Such forward-looking statements involve a number of risks and uncertainties, any one or more of which could cause actual results to differ materially from those described in Casella's forward-looking statements. Such risks and uncertainties include or relate to, among other things: market conditions and Casella's ability to consummate the closing of the offering of the Bonds on the anticipated terms, or at all, as well as additional risks and uncertainties detailed in Item 1A, "Risk Factors" in Casella's Form 10-K for the fiscal year ended December 31, 2024 and in other filings that Casella periodically makes with the Securities and Exchange Commission. There can be no assurance that Casella will be able to complete the closing of the offering of the Bonds on the anticipated terms, or at all. Casella undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
