The shares of our class A common stock and class B common stock are identical in all respects, except for voting rights and certain conversion rights and transfer restrictions in respect of the shares of our class B common stock, as described below. The number of authorized shares of any class or classes of our capital stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of our stock entitled to vote generally in the election of directors irrespective of the provisions of Section 242(b)(2) of Delaware corporate law or any corresponding provision hereinafter enacted.

**Voting.** On all matters submitted to a vote of our stockholders, the holders of our class A common stock are entitled to one vote per share, and the holders of our class B common stock are entitled to ten votes per share. The holders of all classes of our common stock entitled to vote will generally vote together as a single class on all matters presented to the stockholders for their vote or approval, except that the holders of class A common stock, voting separately as a class, will at all times be entitled to elect one director, and such director may be removed, with or without cause, only by the holders of our class A common stock.

**Dividends.** The holders of our class A common stock and class B common stock are entitled to receive dividends if, as and when such dividends are declared by our board of directors out of assets legally available therefor, subject to any preferential rights of our preferred stock, if any. We may not make any dividend or distribution to any holder of any class of our common stock unless simultaneously with such dividend or distribution we make the same dividend or distribution with respect to each outstanding share of our common stock regardless of class. In the case of a dividend or other distribution payable in shares of a class of our common stock, including distributions pursuant to stock splits or divisions of common stock, only shares of our class A common stock may be distributed with respect to class A common stock, and only shares of our class B common stock may be distributed with respect to class B common stock. Whenever a dividend or distribution, including distributions pursuant to stock splits or divisions of common stock, is payable in shares of a class of common stock,

the number of shares of each class of common stock payable per share of such class of common stock shall be equal in number. In the case of dividends or other distributions consisting of our other voting securities or of voting securities of any corporation which is a wholly-owned subsidiary of ours, we shall declare and pay such dividends in two separate classes of such voting securities, identical in all respects except that:

- the voting rights of each such security issued to the holders of class A common stock shall be one-tenth of the voting rights of each such security issued to holders of class B common stock;
- such security issued to holders of class B common stock shall convert into the security issued to the holders of class A common stock upon the same terms and conditions applicable to the conversion of class B common stock into class A common stock and shall have the same restrictions on transfer and ownership applicable to the transfer and ownership of our class B common stock; and
- with respect only to dividends or other distributions of voting securities of any corporation which is a wholly owned subsidiary of ours, the respective voting rights of each such security issued to holders of class A common stock and class B common stock with respect to elections of directors shall otherwise be as comparable as is practicable to those of our class A common stock and class B common stock, respectively.

In the case of dividends or other distributions consisting of securities convertible into, or exchangeable for, our voting securities or of voting securities of any corporation which is a wholly owned subsidiary of ours, we are required to provide that such convertible or exchangeable securities and the underlying securities are identical in all respects, including, without limitation, the conversion or exchange rate, except that the underlying securities shall have the same differences as they would have if we issued voting securities of ours or of a wholly-owned subsidiary of ours rather than issuing securities convertible into, or exchangeable for, such securities.

**Reclassification and Merger.** In the event we enter into any consolidation, merger, combination or other transaction in which shares of our common stock are exchanged for or changed into other stock or securities, cash and/or any other property, then, and in such event, the shares of each class of our common stock will be exchanged for or changed into either:

- the same amount of stock, securities, cash and/or any other property, as the case may be, into which or for which each share of any other class of common stock is exchanged or changed; provided, however, that if shares of common stock are exchanged for or changed into shares of capital stock, such share so exchanged for or changed into may differ to the extent and only to the extent that our class A common stock and class B common stock differ as provided in our certificate of incorporation; or
- if holders of each class of common stock are to receive different distributions of stock, securities, cash and/or any other property, an amount of stock, securities, cash and/or property per share having a value, as determined by an independent investment banking firm of national reputation selected by our board of directors, equal to the value per share into which or for which each share of any other class of common stock is exchanged or changed.

**Liquidation.** In the event of our liquidation, dissolution or winding up, whether voluntary or involuntary, after payment of our debts and our other liabilities and after making provision for the holders of our preferred stock, if any, our remaining assets will be distributable ratably among the holders of our class A common stock and class B common stock treated as a single class.

**Other Provisions.** The holders of our class A common stock and class B common stock are not entitled to preemptive rights. None of the class A common stock or class B common stock may be subdivided or combined in any manner unless the other class of common stock is subdivided or

combined in the same proportion. We may not make any offering of options, rights or warrants to subscribe for shares of class B common stock. If we make an offering of options, rights or warrants to subscribe for shares of any other class or classes of capital stock (other than class B common stock) to all holders of a class of common stock, then we are required to simultaneously make an identical offering to all holders of the other classes of common stock other than to any class the holders of which, voting as a separate class, agree that such offering need not be made to such class. All such options, rights or warrants offerings shall offer the respective holders of class A common stock and class B common stock the right to subscribe at the same rate per share.

**Listing.** Our class A common stock is listed on The NASDAQ National Market under the symbol "CWST."

**Transfer Agent and Registrar.** The transfer agent and registrar for our class A common stock is Equiserve.

## DESCRIPTION OF PREFERRED STOCK

**General.** Our certificate of incorporation authorizes our board of directors to issue up to 1,000,000 shares of preferred stock in one or more series and to determine the voting rights and dividend rights, dividend rates, liquidation preferences, conversion rights, redemption rights, including sinking fund provisions and redemption prices, and other terms and rights of each series of preferred stock. Currently, we have designated one series of preferred stock: the series A convertible preferred stock. If we were to offer preferred stock under this prospectus, we believe that its terms would differ from those of the series A convertible preferred stock. The material terms of the series A convertible preferred stock are described below. We will fix the rights, preferences, privileges and restrictions of the preferred stock of each series in the certificate of designation relating to that series. We will incorporate by reference as an exhibit to the registration statement which includes this prospectus the form of any certificate of designation which describes the terms of the series of preferred stock we are offering before the issuance of the related series of preferred stock. This description will include:

- the title and stated value;
- the number of shares we are offering;
- the liquidation preference per share;
- the purchase price;
- the dividend rate, period and payment date, and method of calculation for dividends;
- whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;
- the procedures for any auction and remarketing, if any;
- the provisions for a sinking fund, if any;
- the provisions for redemption or repurchase, if applicable, and any restrictions on our ability to exercise those redemption and repurchase rights;
- any listing of the preferred stock on any securities exchange or market;
- whether the preferred stock will be convertible into our common stock, and, if applicable, the conversion price, or how it will be calculated, and the conversion period;
- whether the preferred stock will be exchangeable into debt securities, and, if applicable, the exchange price, or how it will be calculated, and the exchange period;
- voting rights, if any, of the preferred stock;
- restrictions on transfer, sale or other assignment, if any;
- a discussion of any material United States federal income tax considerations applicable to the preferred stock;
- the relative ranking and preferences of the preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs;
- any limitations on issuance of any class or series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs; and
- any other specific terms, preferences, rights or limitations of, or restrictions on, the preferred stock.

When we issue shares of preferred stock under this prospectus, the shares, when issued, will be fully paid and non-assessable and will not have, or be subject to, any preemptive or similar rights.

**Voting Rights.** Delaware corporate law provides that the holders of preferred stock will have the right to vote separately as a class on any proposal involving fundamental changes in the rights of holders of that preferred stock. This right is in addition to any voting rights that may be provided for in the applicable certificate of designation.

**Other.** The preferred stock could have other rights, including economic rights senior to our common stock, so that the issuance of the preferred stock could adversely affect the market value of our common stock. The issuance of the preferred stock may also have the effect of delaying, deferring or preventing a change in control of us without any action by the stockholders.

#### **Series A Convertible Preferred Stock**

Our certificate of incorporation currently designates one series of preferred stock: the series A convertible preferred stock consisting of 53,750 shares. Each share of series A convertible preferred stock has a stated value of \$1,000.00 and is convertible, at any time and from time to time, into shares of our class A common stock at an initial conversion price of \$14.00 per share. The following description is a summary of the material terms of our series A convertible preferred stock. It does not restate all of the terms. We urge you to read our certificate of incorporation (as amended by the certificate of designation relating to the series A convertible preferred stock) because it, and not this description, defines the rights of holders of series A convertible preferred stock. A copy of our certificate of incorporation and our certificate of designation is an exhibit to the registration statement which includes this prospectus.

**Voting.** Except as described below or as otherwise provided by law, the holders of our series A convertible preferred stock generally have the right to vote together with the holders of our common stock, as a single class, on an as-converted basis. Each share of our series A convertible preferred stock is entitled to that number of votes equal to the number of shares of class A common stock issuable upon conversion of a share of series A convertible preferred stock, for so long as such series A convertible preferred stock is outstanding. As of June 15, 2005, each share of our series A convertible preferred stock was convertible into 92 shares of our common stock. In addition to the foregoing voting rights, without the approval of the holders of at least a majority of the outstanding shares of our series A convertible preferred stock, voting separately as a class, we cannot amend, alter or repeal the preferences, special rights or other powers of our series A convertible preferred stock or otherwise amend our certificate of incorporation so as to affect adversely our series A convertible preferred stock.

In addition, without the approval of the holders of not less than 50% of the outstanding shares of our series A convertible preferred stock, voting separately as a class, we cannot, for so long as at least 15% of the initial number of shares of our series A convertible preferred stock remain outstanding:

- issue any capital stock or other equity securities of ours having rights, preferences, privileges or priorities *pari passu* with or junior to our series A convertible preferred stock, other than our common stock, or issue any convertible securities, other than in specified circumstances;
- declare or pay any dividends or make any other direct or indirect distribution on account of any of our capital stock, other than our series A convertible preferred stock or our common stock; or
- redeem, repurchase, otherwise acquire or enter into any transaction involving the disposition of any shares of our capital stock or other equity securities, other than in specified circumstances.

In addition, the holders of our series A convertible preferred stock are entitled to nominate one person who will be included among our nominees for election to our board of directors for so long as

such holders hold at least 20% of our class A common stock issued or issuable upon conversion of the series A convertible preferred stock. Similarly, the holders of our series A convertible preferred stock are entitled to designate one person to observe our board of directors so long as such holders hold at least 20% of our series A convertible preferred stock.

**Dividends.** Shares of our series A convertible preferred stock accrue preferential dividends daily and on a cumulative basis at an annual rate of 5% of its liquidation value, until the earlier of certain events specified in our certificate of incorporation. Such dividends will accrue whether or not they are declared and whether or not we have earnings, surplus or other funds legally available for the payment of dividends, and such dividends shall be cumulative such that all accrued and unpaid dividends shall be fully paid or declared before any dividends may be made on securities junior to our series A convertible preferred stock. Dividends are payable on a pro rata basis, out of funds legally available therefor, quarterly in arrears on January 31, April 30, July 31 and October 31 of each year in either cash or through an adjustment to the conversion rate and liquidation preference of the series A convertible preferred stock.

**Liquidation, Dissolution or Winding Up or Other Fundamental Changes.** If we voluntarily or involuntarily liquidate, dissolve or wind-up, transfer all or substantially all of our assets or are party to a merger or other change in control transaction in which our stockholders do not own a majority of our outstanding voting securities after such transaction, holders of our series A convertible preferred stock are entitled to a liquidation preference equal to the greater of (1) the stated liquidation value of our series A convertible preferred stock, which was initially \$1,000.00 per share, plus all accreted dividends, or (2) the amount such holders would be entitled to receive if our series A convertible preferred stock were converted into shares of our class A common stock immediately prior to such event. The remaining assets, if any, will be distributed to the holders of any of our capital stock ranking junior to our series A convertible preferred stock on a pro rata basis. If there are insufficient assets or funds to permit the preferential amount payable to the holders of series A convertible preferred stock, then our entire assets and all of our funds legally available for distribution will be distributed ratably among the series A convertible preferred stockholders and any holders of our capital stock which is *pari passu* with our series A convertible preferred stock.

**Redemption.** Beginning on August 11, 2003 and continuing until August 11, 2007, we have the option to redeem all of the issued and outstanding shares of our series A convertible preferred stock at any time at a price per share in cash equal to the greater of (i) 90% of the current market value of the number of shares of class A common stock into which a share of series A convertible preferred stock could be converted by the holder on the date of the notice of redemption or (ii) a price giving the holder a defined yield; provided, however, that if the optional redemption price is pursuant to (i) above, then we may redeem less than all, but in no event less than 50%, of the issued and outstanding shares of series A convertible preferred stock. In addition, we must redeem any outstanding shares of our series A convertible preferred stock on August 11, 2007 at liquidation value, plus accrued but unpaid dividends, if any. If we do not have sufficient funds to redeem all outstanding shares of our series A convertible preferred stock on the mandatory redemption date, we are required to redeem a pro rata portion of each holder's shares of series A convertible preferred stock out of funds legally available therefor and redeem the remaining shares as soon as practicable after we have funds legally available therefor. Further, at any time on or after the occurrence of a change of control of us and for a period of 30 days thereafter, each holder of shares of series A convertible preferred stock may elect to require us to redeem such holder's shares or a portion thereof at a redemption price per share equal to the liquidation value as of the date of such change of control.

**Optional Conversion.** Each share of our series A convertible preferred stock is convertible into shares of our class A common stock at any time at the option of the holder. Each share of our series A convertible preferred stock is convertible into a number of shares of our class A common stock equal

to its liquidation value divided by the conversion price then in effect for our series A convertible preferred stock. The initial conversion price of our series A convertible preferred stock is \$14.00 per share, subject to adjustment if we subdivide our common stock by effecting a stock split or stock dividend, or if we issue or sell, subject to certain exceptions, additional shares of our common stock or securities convertible into common stock for less than \$14.00 per share. As of June 15, 2005, the outstanding shares of series A convertible preferred stock were convertible, in the aggregate, into approximately 4,924,631 shares of our class A common stock.

**Mandatory Conversion At Our Election.** In the event we elect to redeem less than all of the issued and outstanding shares of our series A convertible preferred stock, then, upon such redemption, we may elect to require the holders of all remaining shares of our series A convertible preferred stock not subject to such redemption to convert such shares into shares of our class A common stock at the then effective conversion ratio.

**Registration Rights.** The holders of our series A convertible preferred stock and their permitted transferees are entitled to certain rights with respect to the registration under the Securities Act of certain shares of our class A common stock, including shares of class A common stock that were or may be acquired upon the conversion of shares of series A convertible preferred stock. In the event that we propose to register any of our securities under the Securities Act at any time, with certain exceptions, the holders of our series A convertible preferred stock will be entitled to include shares in such registration, subject to the right of the managing underwriter of any underwritten offering to exclude from such registration some or all of their registrable shares. In addition, holders of our series A convertible preferred stock have the right to require us to prepare and file registration statements under the Securities Act with respect to all of the registrable shares if such holders holding specified percentages of such shares and having a certain aggregate value so request. We are required to use our best efforts to effect such registration, subject to certain conditions and limitations. The selling stockholders are registering their shares under this registration statement pursuant to the exercise of these registration rights.

Our series A convertible preferred stock may have the effect of delaying, deferring or preventing a change in control of us without further action by the stockholders.

#### **Delaware Law and Charter and By-Laws**

**Business Combinations.** We are subject to the provisions of Section 203 of Delaware corporate law. Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. A "business combination" includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Subject to specified exceptions, an "interested stockholder" is a person who, together with affiliates and associates, owns, or within three years did own, 15% or more of the corporation's voting stock.

**Staggered Board of Directors.** Our certificate of incorporation and by-laws provide for the division of our board of directors into three classes as nearly equal in size as possible, with no class having more than one director more than any other class, with staggered three-year terms. The director nominated by holders of our series A convertible preferred stock and elected to office is a class I director, and the director nominated by holders of our class A common stock and elected to office is a class II director. Our certificate of incorporation and by-laws provide that directors may be removed with or without cause by the vote of the holders of shares representing at least 75% of the votes which all of our stockholders would be entitled to cast at any election of directors, other than an election of the class A director. The class A director may be removed only by the holders of at least 75% of the outstanding shares of our class A common stock. Moreover, our certificate of incorporation and by-laws

provide that any vacancy on the board of directors, however occurring, including a vacancy resulting from an enlargement of the board, may only be filled by vote of a majority of the directors then in office. The classification of our board of directors and the limitations on the removal of directors and filling of vacancies could have the effect of making it more difficult for a third party to acquire, or discourage a third party from acquiring, us.

**Limitation of Liability; Indemnification.** Our certificate of incorporation provides that our directors and officers shall be indemnified by us under the circumstances described therein, except to the extent prohibited by Delaware corporate law. This indemnification covers all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with their services for or on behalf of us, if such officer or director acted in good faith and in a manner he reasonably believed to be in, and not opposed to, our best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In addition, our certificate of incorporation provides that our directors will not be personally liable for monetary damages to us or to our stockholders for breaches of their fiduciary duty as directors, notwithstanding any provision of law imposing such liability, except to the extent prohibited by Delaware corporate law.

**Stockholder Action; Special Meeting of Stockholders.** Our by-laws provide that any action required or permitted to be taken by our stockholders at an annual meeting or special meeting of stockholders may only be taken if it is properly brought before the meeting and may not be taken by written action in lieu of a meeting. Our by-laws also provide that special meetings of stockholders may only be called by the president or by the chairman of our board of directors. Our by-laws provide that, in order for any matter to be considered "properly brought" before a meeting, a stockholder must comply with requirements regarding advance notice to us. These provisions could have the effect of delaying until the next stockholders' meeting stockholder actions which are favored by the holders of a majority of our outstanding voting securities. These provisions may also discourage another person or entity from making a tender offer for our common stock, because such person or entity, even if it acquired a majority of our outstanding voting securities, would be able to take action as a stockholder only at a duly called stockholders' meeting, and not by written consent.

**Advance Notice Requirements for Stockholder Proposals and Director Nominations.** Our by-laws provide that nominations for election to our board of directors may be made either by our board of directors or by a stockholder who complies with specified notice provisions. Our by-laws contain similar advance notice provisions for stockholder proposals for action at stockholder meetings. These provisions prevent stockholders from making nominations for directors and stockholder proposals from the floor at any stockholder meeting and require any stockholder making a nomination or proposal to submit the name of the nominees for board seats or the stockholder proposal, together with specified information about the nominee or any stockholder proposal, prior to the meeting at which directors are to be elected or action is to be taken. These provisions ensure that stockholders have adequate time to consider nominations and proposals before action is required, and they may also have the effect of delaying stockholder action.

**Amendment to Certificate of Incorporation or By-Laws.** Delaware corporate law provides that the vote of a majority of the shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or by-laws, unless a corporation's certificate of incorporation or by-laws, as the case may be, requires a greater percentage. Our certificate of incorporation requires the vote of the holders of shares representing at least 75% of the votes entitled to be cast to amend or repeal certain of the foregoing provisions of our certificate of incorporation. Generally, our by-laws may be amended or repealed by a majority vote of the board of directors present at any regular or special meeting of the board of directors or the holders of shares representing a majority of the votes entitled to be cast (with certain exceptions which require the vote of the holders of shares representing at least 75% of the

votes entitled to be cast). The stockholder vote would be in addition to any separate class vote that might in the future be required pursuant to the terms of any series of preferred stock that might be then outstanding.

#### **Certain Effects of Authorized but Unissued Stock**

We have shares of common stock and preferred stock available for future issuance without stockholder approval. We may utilize these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, to facilitate corporate acquisitions or payment as a dividend on the capital stock.

The existence of unissued and unreserved common stock and preferred stock may enable our board of directors to issue shares to persons friendly to current management or to issue preferred stock with terms that could render more difficult or discourage a third party attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise, thereby protecting the continuity of our management. In addition, our board of directors has the discretion to determine designations, rights, preferences, privileges and restrictions, including voting rights, conversion rights, redemption privileges and liquidation preferences of each series of preferred stock, all to the fullest extent permissible under Delaware corporate law and subject to any limitations set forth in our certificate of incorporation. The purpose of authorizing our board of directors to issue preferred stock and to determine the rights and preferences applicable to such preferred stock is to eliminate delays associated with a stockholder vote on specific issuances. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or could discourage a third party from acquiring, a majority of our outstanding voting stock.

## DESCRIPTION OF DEBT SECURITIES

The following description, together with the additional information we include in any applicable prospectus supplements, summarizes the material terms and provisions of the debt securities that we may offer under this prospectus. While the terms we have summarized below will apply generally to any future debt securities we may offer, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement. If we indicate in a prospectus supplement, the terms of any debt securities we offer under that prospectus supplement may differ from the terms we describe below.

We will issue the senior subordinated notes under a senior subordinated indenture dated as of January 24, 2003 between us and U.S. Bank National Association, as trustee. We will issue junior subordinated notes under a junior subordinated indenture which we will enter into with a trustee to be named in the prospectus supplement. We have filed these documents as exhibits to the registration statement which includes this prospectus. We use the term "indentures" to refer to both the senior subordinated indenture and the junior subordinated indenture. The indentures will be qualified under the Trust Indenture Act. We use the term "trustee" to refer to either the senior subordinated trustee or the junior subordinated trustee, as applicable. The indentures may be supplemented from time to time.

The following summaries of material provisions of the senior subordinated notes, the junior subordinated notes and the indentures are subject to, and qualified in their entirety by reference to, the provisions of the indenture applicable to a particular series of debt securities. Except as we may otherwise indicate, the terms of the senior subordinated indenture and the junior subordinated indenture are identical.

We conduct our operations through subsidiaries. Our rights and the rights of our creditors, including holders of debt securities, to the assets of any subsidiary of ours upon that subsidiary's liquidation or reorganization or otherwise would be subject to the prior claims of that subsidiary's creditors, except to the extent that we may be a creditor with recognized claims against the subsidiary. Our subsidiaries' creditors would include trade creditors, debt holders, secured creditors and taxing authorities.

### General

Except as set forth below under "Certain Covenants Related to Senior Subordinated Debt—Incurrence of Indebtedness and Issuance of Preferred Stock," neither indenture limits of the amount of debt securities that we may issue. The senior subordinated debt securities will be unsecured and will be subordinated to our senior indebtedness, including our credit facilities. The junior subordinated debt securities will be unsecured and will be subordinated and junior to all senior indebtedness and our senior subordinated debt securities.

### *Senior Subordinated Indenture*

Pursuant to the terms of the senior subordinated indenture, the following are the general terms relating to our senior subordinated notes:

- the notes will be general unsecured obligations of our company;
- the notes will be subordinated in right of payment to all existing and future Senior Debt;
- the notes will be equal in right of payment to all of our future unsecured indebtedness that is subordinated in right of payment to any of our other indebtedness;
- the notes will be senior in right of payment to any of our future indebtedness that expressly provides that it is junior in right of payment to the notes;

- the notes will be unconditionally guaranteed by our Restricted Subsidiaries, other than any Foreign Subsidiary and certain inactive and insignificant Restricted Subsidiaries;
- we will issue the notes in denominations of \$1,000 and integral multiples of \$1,000;
- the notes will mature on February 1, 2013; and
- interest on the notes will accrue at the rate of 9.75% per annum and will be payable semi-annually in arrears on February 1 and August 1. We will make each interest payment to the holders of record of the notes on the immediately preceding January 15 and July 15. Interest on the notes will accrue from the date of original issuance or, if the interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

#### *Junior Subordinated Indenture*

We will describe in the applicable prospectus supplement the following terms relating to a series of junior subordinated notes:

- the title;
- any limit on the amount that may be issued;
- whether or not we will issue the series of notes in global form, and, if so, the terms and who the depository will be;
- the maturity date;
- the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;
- whether or not the notes will be secured or unsecured, and the terms of any secured debt;
- the terms of the subordination of any series of debt;
- the place where payments will be payable;
- our right, if any, to defer payment of interest and the maximum length of any such deferral period;
- the date, if any, after which, and the price at which, we may, at our option, redeem the series of notes pursuant to any optional redemption provisions;
- the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of notes;
- whether the indenture will restrict our ability to pay dividends, or will require us to maintain any asset ratios or reserves;
- whether we will be restricted from incurring any additional indebtedness;
- a discussion on any material or special United States federal income tax considerations applicable to the notes;
- the denominations in which we will issue the series of notes, if other than denominations of \$1,000 and any integral multiple thereof; and
- any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities.

## **Conversion or Exchange Rights**

### *Senior Subordinated Indenture*

The senior subordinated notes are not convertible into or exchangeable for common stock or other securities.

### *Junior Subordinated Indenture*

We will set forth in the applicable prospectus supplement the terms on which a series of junior subordinated notes may be convertible into or exchangeable for common stock or other securities of ours. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of common stock or other securities of ours that the holders of the series of junior subordinated notes receive would be subject to adjustment.

## **Repurchase at the Option of Holders**

### *Senior Subordinated Indenture*

#### **Change of Control**

Pursuant to the terms of the senior subordinated indenture, if a Change of Control occurs, each holder of senior subordinated notes will have the right to require us to repurchase all or any part (equal to \$1,000 or an integral multiple thereof) of that holder's notes pursuant to a Change of Control Offer (the "Change of Control Offer"). In the Change of Control Offer, we will offer to pay an amount in cash (the "Change of Control Payment") equal to 101% of the aggregate principal amount of senior subordinated notes repurchased, plus accrued and unpaid interest thereon, if any, to the date of purchase. Within 30 days following any Change of Control, we will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase senior subordinated notes on the date (the "Change of Control Payment Date") specified in such notice, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the senior subordinated indenture and described in such notice.

On or before the Change of Control Payment Date, we will, to the extent lawful:

- accept for payment all senior subordinated notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent an amount equal to the Change of Control Payment in respect of all senior subordinated notes or portions thereof so tendered; and
- deliver or cause to be delivered to the trustee the senior subordinated notes so accepted together with an officers' certificate stating the aggregate principal amount of senior subordinated notes or portions thereof being purchased by us.

The paying agent will promptly mail to each holder of senior subordinated notes so tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new senior subordinated note equal in principal amount to any unpurchased portion of the senior subordinated notes surrendered, if any; provided that each such new note will be in a principal amount of \$1,000 or an integral multiple thereof.

Prior to complying with any of the provisions of this "Change of Control" covenant, but in any event within 90 days following a Change of Control, we are required to either repay all outstanding Senior Debt or obtain the requisite consents, if any, under all agreements governing outstanding Senior Debt to permit the repurchase of senior subordinated notes required by this covenant. We will publicly

announce the results of the Change of Control Offer as soon as practicable after the Change of Control Payment Date.

We will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the senior subordinated indenture applicable to a Change of Control Offer made by us and purchases all senior subordinated notes validly tendered and not withdrawn under such Change of Control Offer.

Notwithstanding the foregoing, we shall not be required to make a Change of Control Offer, as provided above, if, in connection with or in contemplation of any Change of Control, we or a third party have made an offer to purchase (an "Alternate Offer") any and all senior subordinated notes validly tendered at a cash price equal to or higher than the Change of Control Payment and have purchased all senior subordinated notes properly tendered in accordance with the terms of such Alternate Offer. The Alternate Offer must comply with all the other provisions applicable to the Change of Control Offer, shall remain, if commenced prior to the Change of Control, open for acceptance until the consummation of the Change of Control and must permit holders to withdraw any tenders of senior subordinated notes made into the Alternate Offer until the final expiration or consummation thereof.

We will comply, and will cause any third party making a Change of Control Offer or an Alternate Offer to comply, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with a Change of Control Offer or an Alternate Offer. To the extent the provisions of any applicable securities laws or regulations conflict with the provisions of the senior subordinated indenture relating to a Change of Control Offer, we will not be deemed to have breached our obligations under the senior subordinated indenture by virtue of complying with such laws or regulations.

The occurrence of a Change of Control would constitute an event of default under our Senior Credit Facility. In addition, the Senior Credit Facility prohibits, and the agreements governing any future Senior Debt may prohibit, us from purchasing any senior subordinated notes, and may also provide that certain change of control events with respect to us would constitute a default under such agreements. In the event a Change of Control occurs at a time when we are prohibited from purchasing senior subordinated notes, we could seek the consent of our senior lenders to the purchase of senior subordinated notes or could attempt to refinance the borrowings that contain such prohibition. If we do not obtain such a consent or repay such borrowings, we will remain prohibited from purchasing senior subordinated notes. In such case, our failure to purchase tendered senior subordinated notes would constitute an event of default under the senior subordinated indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the senior subordinated indenture would likely restrict payments to the holders of senior subordinated notes.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of our assets and the assets of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of senior subordinated notes to require us to repurchase such notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets and the assets of our Subsidiaries taken as a whole may be uncertain.

The provisions described above that require us to make a Change of Control Offer following a Change of Control will be applicable regardless of whether or not any other provisions of the senior subordinated indenture are applicable. Except as described above with respect to a Change of Control, the senior subordinated indenture does not contain provisions that permit the holders of the senior

subordinated notes to require that we repurchase or redeem such notes in the event of a takeover, recapitalization or similar transaction.

### Asset Sales

We will not, and will not permit any of our Restricted Subsidiaries to, consummate an Asset Sale unless:

- we or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued, sold or otherwise disposed of;
- such fair market value, if in excess of \$5.0 million, is determined in good faith by our board of directors and evidenced by a resolution of the board of directors set forth in an officers' certificate delivered to the trustee; and
- at least 75% of the consideration therefor received by us or such Restricted Subsidiary is in the form of cash or Cash Equivalents and is received at the time of such Asset Sale. For purposes of this provision, each of the following shall be deemed to be cash: (a) the amount of any liabilities shown on our or such Restricted Subsidiary's most recent balance sheet (other than contingent liabilities and liabilities that are by their terms subordinated to the senior subordinated notes or any Subsidiary Guarantee) that are assumed by another Person and from which we and our Restricted Subsidiaries are released from further liability; and (b) any securities, notes or other obligations received by us or any such Restricted Subsidiary from such transferee that are promptly (subject to ordinary settlement periods) converted by us or such Restricted Subsidiary into cash (to the extent of the cash received in that conversion).

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, we may apply such Net Proceeds at our option:

- to repay Senior Debt and, if the Senior Debt repaid is revolving credit Indebtedness, to permanently reduce a corresponding amount of commitments with respect thereto;
- to make an investment in or expenditures for assets (excluding securities other than Capital Stock of any Person that (A) is or becomes a Guarantor or (B) is merged, consolidated or amalgamated with or into, or transfers all or substantially all of its assets to, or is liquidated into, us or any Guarantor) that replace the assets that were the subject of the Asset Sale or that will be used in the Permitted Business ("Replacement Assets"); and/or
- to redeem senior subordinated notes pursuant to any of the provisions of the senior subordinated indenture.

Pending the final application of any such Net Proceeds, we may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the senior subordinated indenture.

Any Net Proceeds from Asset Sales that are not applied as provided in the preceding paragraph will constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$10.0 million, we will make an offer to

- all holders of senior subordinated notes and
- all holders of other Indebtedness that ranks *pari passu* with the senior subordinated notes containing provisions similar to those set forth in the senior subordinated indenture with respect to offers to purchase or redeem with the proceeds of sales of assets

to purchase (an "Asset Sale Offer") the maximum principal amount of senior subordinated notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price

for senior subordinated notes in any Asset Sale Offer will be equal to 100% of the principal amount of senior subordinated notes purchased, plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If the aggregate principal amount of senior subordinated notes and such other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, we shall select the senior subordinated notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Accordingly, if any Excess Proceeds remain after consummation of an Asset Sale Offer, Casella may use such Excess Proceeds for any purpose not otherwise prohibited by the senior subordinated indenture.

When any non-cash consideration received by us or any of our Restricted Subsidiaries in connection with any Asset Sale is converted into or sold or otherwise disposed of for cash or Cash Equivalents, such cash and Cash Equivalents must be applied in accordance with this covenant.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with an Asset Sale Offer. To the extent the provisions of any applicable securities laws or regulations conflict with the provisions of the senior subordinated indenture relating to an Asset Sale Offer, we will not be deemed to have breached our obligations under the senior subordinated indenture by virtue of complying with such laws or regulations.

The Senior Credit Facility currently prohibits us from purchasing any senior subordinated notes. In addition, the agreements governing any future Senior Debt may prohibit us from purchasing any senior subordinated notes. In the event the senior subordinated indenture requires us to make an Asset Sale Offer at a time when we are prohibited from purchasing senior subordinated notes, we could seek the consent of our senior lenders to the purchase of senior subordinated notes, use the proceeds of the Asset Sale to pay down such Senior Debt, or attempt to refinance the borrowings that contain such prohibitions. If we do not obtain such consents or repay or refinance such borrowings, we would remain prohibited from purchasing senior subordinated notes. In such case, our failure to purchase tendered senior subordinated notes would constitute an event of default under the senior subordinated indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the senior subordinated indenture would likely restrict payments to the holders of senior subordinated notes.

#### *Junior Subordinated Indenture*

The junior subordinated indenture does not contain any provisions which would give the holders of junior subordinated notes the right to require us to repurchase all or any part of that holder's notes.

#### **Events of Default Under the Indentures**

The following are events of default under the senior subordinated indenture:

- if we fail to pay interest when due and our failure continues for 30 days;
- if we fail to pay the principal, or premium, if any, when due;
- if specified events of bankruptcy, insolvency or reorganization occur to us or any significant subsidiary of ours;
- if we fail to comply with certain obligations to repurchase the senior subordinated notes at the option of the holders upon a change of control or asset sale;
- if we fail to observe or perform any other covenant contained in the senior subordinated notes or the senior subordinated indenture, other than a covenant specifically relating to another series of notes, and our failure continues for 60 days after we receive notice from the trustee or

holders of at least 25% in aggregate principal amount of the outstanding senior subordinated notes of the applicable series;

- if we default under other debt instruments if the default is caused by a failure to make a payment of principal, interest or premium, or results in acceleration, and such other indebtedness exceeds \$10.0 million;
- if we fail to pay final judgments exceeding \$10.0 million within 60 days; and
- if a guarantee by one of our significant subsidiaries is held to be unenforceable or otherwise ceases to be in full force and effect.

The following are events of default under the junior subordinated indenture:

- if we fail to pay interest when due and our failure continues for 90 days and the time for payment has not been extended or deferred;
- if we fail to pay the principal, or premium, if any, when due and the time for payment has not been extended or deferred;
- if we fail to observe or perform any other covenant contained in the junior subordinated notes or the junior subordinated indenture, other than a covenant specifically relating to another series of notes, and our failure continues for 90 days after notice is given by the trustee or holders of at least 25% in aggregate principal amount of the outstanding notes of the applicable series; and
- if specified events of bankruptcy, insolvency or reorganization occur to us.

If an event of default with respect to notes of any series occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes of that series, by notice to us in writing, and to the trustee if notice is given by such holders, may declare the unpaid principal of, premium, if any, and accrued interest, if any, on the notes due and payable immediately.

The holders of a majority in principal amount of the outstanding notes of an affected series may waive any default or event of default with respect to the series and its consequences, except defaults or events of default regarding payment of principal, premium, if any, or interest. Any waiver shall cure the default or event of default.

Subject to the terms of the indentures, if an event of default under an indenture shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of the applicable series of notes, unless such holders have offered the trustee reasonable indemnity. The holders of a majority in principal amount of the outstanding notes of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the notes of that series, provided that:

- the direction so given by the holder is not in conflict with any law or the applicable indenture; and
- subject to its duties under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

A holder of the notes of any series will only have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies if:

- the holder has given written notice to the trustee of a continuing event of default with respect to that series;

- the holders of at least 25% in aggregate principal amount of the outstanding notes of that series have made written request, and such holders have offered reasonable indemnity to the trustee to institute the proceeding as trustee; and
- the trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding notes of that series inconsistent directions within 45 days pursuant to the senior subordinated indenture, or 60 days pursuant to the junior subordinated indenture, as the case may be, after the notice, request and offer.

These limitations do not apply to a suit instituted by a holder of notes to enforce payment if we default in the payment of the principal, premium, if any, or interest on, the notes.

We will periodically file statements with the trustee regarding our compliance with specified covenants in the indentures.

#### **Modification of Indenture; Waiver**

##### *Senior Subordinated Indenture*

With respect to the senior subordinated indenture, we and the trustee may change the senior subordinated indenture without the consent of any holders with respect to specific matters, including:

- to fix any ambiguity, defect or inconsistency in the senior subordinated indenture; and
- to change anything that would provide additional rights or benefits to holders of the senior subordinated notes or that does not adversely affect the legal rights of any holder of senior subordinated notes under the senior subordinated indenture.

In addition, under the senior subordinated indenture, the rights of holders of a series of notes may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding notes of each series that is affected. However, we and the trustee may make the following changes only with the consent of each holder of any outstanding notes affected:

- reducing the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- reducing the principal of or changing or having the effect of changing the fixed maturity of any note or altering certain provisions with respect to the redemption of the notes;
- reducing the rate of or changing the time for payment of interest on any note;
- making any note payable in money other than that stated in the notes;
- waiving an uncured default in the payment of principal of or premium, if any, or interest on the senior subordinated notes (except a rescission of acceleration of the senior subordinated notes by the holders of at least a majority in aggregate principal amount of the senior subordinated notes and a waiver of the payment default that resulted from such acceleration);
- impairing or affecting the right of any holder of senior subordinated notes to receive payment of principal of and interest on the senior subordinated notes on or after the due dates therefor or to institute suit for payment for the enforcement of any such payment on or after the due dates therefor, or making any changes in the provisions of the senior subordinated indenture permitting holders of a majority in principal amount of senior subordinated notes to waive any past default and its consequences;
- waiving certain redemption payments with respect to any senior subordinated note;
- releasing any guarantor from any of its obligations under the senior subordinated indenture other than in accordance with the terms of the senior subordinated indenture;

- in the event that a change of control has occurred or an asset sale has been consummated, amending, changing or modifying in any material respect our obligation to make and consummate an offer to redeem the senior subordinated notes with respect to such change of control or asset sale;
- making any change to the provisions of the senior subordinated indenture relating to subordination (including the related definitions) that adversely affects the rights of the holders of the senior subordinated notes; or
- making any change in the preceding amendment and waiver provisions.

#### *Junior Subordinated Indenture*

With respect to the junior subordinated indenture, we and the trustee may amend or supplement the junior subordinated indenture or the junior subordinated notes without the consent of any holders with respect to specific matters, including:

- to fix any ambiguity, defect or inconsistency in the junior subordinated indenture; and
- to change anything that does not materially adversely affect the interests of any holder of junior subordinated notes of any series.

In addition, under the junior subordinated indenture, the rights of holders of a series of notes may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding notes of each series that is affected. However, we and the trustee may only make the following changes with the consent of each holder of any outstanding notes affected:

- extending the fixed maturity of the series of notes;
- reducing the principal amount, the rate of interest, or reducing any premium payable upon the redemption of any notes; or
- reducing the minimum percentage of notes, the holders of which are required to consent to any amendment.

#### **Discharge**

##### *Senior Subordinated Indenture*

The senior subordinated indenture provides that we can elect to be discharged from our obligations with respect to one or more series of debt securities, except for:

- the rights of holders to receive payments in respect of the principal of, premium, if any, and interest on such senior subordinated notes when such payments are due from the trust referred to below;
- our obligations with respect to the senior subordinated notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- the rights, powers, trusts, duties and immunities of the trustee, and our obligations in connection therewith; and
- the legal defeasance provisions of the senior subordinated indenture.

In order to exercise our rights to be discharged, we must deposit into trust with the trustee money or government obligations sufficient to pay all the principal of, any premium, if any, and interest on, the debt securities of the series on the dates payments are due.

### *Junior Subordinated Indenture*

The junior subordinated indenture provides that we can elect to be discharged from our obligations with respect to one or more series of debt securities, except for obligations to:

- register the transfer or exchange of debt securities of the series;
- replace stolen, lost, destroyed or mutilated debt securities of the series;
- maintain certain offices and paying agencies;
- hold monies for payment in trust;
- pay principal, interest and premiums;
- compensate, reimburse and indemnify the trustee; and
- appoint any successor trustee.

In order to exercise our rights to be discharged, we must deposit with the trustee money or government obligations sufficient to pay all the principal of, any premium, if any, and interest on, the debt securities of the series on the dates payments are due.

### **Form, Exchange, Registration and Transfer**

We will issue the notes of each series only in fully registered form without interest coupons and, unless we otherwise specify in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. The indentures provide that we may issue notes of a series in temporary or definitive global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series. See "Legal Holders" for a further description of the terms relating to any book-entry securities.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the notes of any series can exchange the notes for other notes of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the notes may present the notes for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the notes that the holder presents for transfer or exchange, we will not require any payment for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any notes. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the notes of each series.

### *Junior Subordinated Indenture*

If we elect to redeem the junior subordinated notes of any series, we will not be required to:

- issue, register the transfer of, or exchange any junior subordinated notes of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of

redemption of any junior subordinated notes that may be selected for redemption and ending at the close of business on the day of the mailing; or

- register the transfer of or exchange any junior subordinated notes so selected for redemption, in whole or in part, except the unredeemed portion of any junior subordinated notes we are redeeming in part.

### **Information Concerning the Trustee**

The trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only those duties as are specifically set forth in the applicable indenture. Upon an event of default under an indenture, the trustee must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the trustee is under no obligation to exercise any of the powers given to it by the indentures at the request of any holder of notes unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur.

### **Payment and Paying Agents**

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any notes on any interest payment date to the person in whose name the notes, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest payment.

We will pay principal of and any premium and interest on the notes of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check which we will mail to the holder. Unless we otherwise indicate in a prospectus supplement, we will designate the corporate trust office of the trustee in New York, New York as our sole paying agent for payments with respect to notes of each series. Our paying agent for the senior subordinated notes is U.S. Bank National Association. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the notes of a particular series. We will maintain a paying agent in each place of payment for the notes of a particular series.

Under the terms of the junior subordinated indenture, all money we pay to a paying agent or the trustee for the payment of the principal of or any premium or interest on any notes which remains unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

### **Governing Law**

The indentures and the notes will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act is applicable.

### **Subordination**

#### *Senior Subordinated Indenture*

The payment of all obligations on or relating to the senior subordinated notes will be subordinated in right of payment to the prior payment in full in cash or cash equivalents of all obligations on our Senior Debt. Notwithstanding the foregoing, payments and distributions made from the trust established pursuant to the provisions described under "—Discharge" shall not be so subordinated in right of payment so long as the payments into the trust were made in accordance with certain requirements and did not violate the subordination provisions when they were made.

The holders of Senior Debt will be entitled to receive payment in full in cash or cash equivalents of all obligations due in respect of Senior Debt before the holders of subordinated notes will be entitled to receive any payment or distribution of any kind or character with respect to any obligations on, or relating to, the subordinated notes (other than payments or distributions of Permitted Junior Securities) in the event of any distribution to our creditors:

- in a total or partial liquidation, dissolution or winding up of Casella;
- in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to us or our assets;
- in an assignment for the benefit of creditors; or
- in any marshalling of our assets and liabilities.

We also may not make any payment or distribution of any kind or character with respect to any obligations on, or relating to, the notes or acquire any notes for cash or assets or otherwise, other than payments or distributions of Permitted Junior Securities and payments and distributions made from the trust established pursuant to the provisions described under "—Discharge" so long as the payments into the trust were made in accordance with certain requirements and did not violate the subordination provisions when they were made, if:

- a payment default on any Senior Debt occurs and is continuing beyond the applicable grace period, if any; or
- any other default occurs and is continuing on Designated Senior Debt that permits holders of the Designated Senior Debt to accelerate its maturity and the trustee receives a notice of such default (a "Payment Blockage Notice") from the Representative of any Designated Senior Debt.

Payments on and distributions with respect to any obligations on, or with respect to, the notes may and shall be resumed:

- in the case of a payment default, upon the date on which all payment defaults are cured or waived; and
- in case of a nonpayment default, the earliest of (x) the date on which all such nonpayment defaults are cured or waived, (y) 179 days after the date on which the applicable Payment Blockage Notice is received or (z) the date on which the trustee receives notice from the Representative for such Designated Senior Debt rescinding the Payment Blockage Notice, unless the maturity of any Designated Senior Debt has been accelerated.

No new Payment Blockage Notice may be delivered unless and until 360 days have elapsed since the effectiveness of the immediately prior Payment Blockage Notice.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the trustee shall be, or be made, the basis for a subsequent Payment Blockage Notice unless such default shall have been cured or waived for a period of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants for a period ending after the date of delivery of such initial Payment Blockage Notice that in either case would give rise to a default pursuant to any provisions under which a default previously existed or was continuing shall constitute a new default for this purpose).

We must promptly notify holders of Senior Debt if payment of the senior subordinated notes is accelerated because of an event of default.

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of Casella, holders of the senior subordinated notes may recover less ratably than our creditors who are holders of Senior Debt.

### *Junior Subordinated Indenture*

The junior subordinated notes will be unsecured and will be subordinate and junior in priority of payment to certain of our other indebtedness, including, without limitation, to the prior payment in full in cash or cash equivalents of all obligations on our Senior Debt, to the extent described in a prospectus supplement. The junior subordinated indenture does not limit the amount of junior subordinated notes which we may issue. It also does not limit us from issuing any other secured or unsecured debt.

### **Certain Covenants Related to Senior Subordinated Notes**

The restrictive covenants summarized below will apply (unless waived or amended) to notes issued pursuant to the senior subordinated indenture, unless the prospectus supplement states otherwise. We have provided at the end of these covenants definitions of the capitalized words used in discussing the covenants.

#### **Restricted Payments**

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly:

- (i) declare or pay any dividend or make any other payment or distribution on account of our Equity Interests or any of our Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving us or any of our Restricted Subsidiaries) or to the direct or indirect holders of our Equity Interests or any of our Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable solely in Qualified Capital Stock or dividends or distributions payable to us or any of our Restricted Subsidiaries);
- (ii) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving us or any of its Restricted Subsidiaries) any of our Equity Interests or of our any direct or indirect parent or of any of our Restricted Subsidiaries (other than any such Equity Interests owned by us or any of our Restricted Subsidiaries);
- (iii) make any payment on or with respect to, or purchase, redeem, prepay, decrease, defease or otherwise acquire or retire for value, any Indebtedness that is expressly subordinated in right of payment to the senior subordinated notes or any Subsidiary Guarantee, except (x) any payment of interest or principal at the Stated Maturity thereof, (y) any payment made with Qualified Capital Stock and (z) any payment made to us or any of our Restricted Subsidiaries; or
- (iv) make any Restricted Investment

(all such payments and other actions set forth in clauses (i) through (iv) above being collectively referred to as "Restricted Payments"), unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default has occurred and is continuing or would occur as a consequence thereof;
- (2) we would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable Four Quarter Period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Coverage Ratio Exception; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by us and our Restricted Subsidiaries after the date of the Indenture (excluding

Restricted Payments permitted by clauses (2), (3), (4) (only to the extent payable to us or any of our Restricted Subsidiaries), (5), (7) and (8) of the next succeeding paragraph), is less than the sum (the "Basket"), without duplication, of

(a) 50% of our Consolidated Net Income for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the Issue Date to the end of our most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), plus

(b) 100% of the aggregate net cash proceeds received by us since the Issue Date from the issuance and sale of Qualified Capital Stock or from the issuance and sale of convertible or exchangeable Disqualified Capital Stock or Indebtedness of us or any of our Restricted Subsidiaries that has been converted into or exchanged for Qualified Capital Stock (other than any issuance and sale to one of our Subsidiaries), less the amount of any cash, or the fair market value of any other assets, distributed by us or any of our Restricted Subsidiaries upon such conversion or exchange (other than to us or any of our Restricted Subsidiaries), plus

(c) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (a) above, 100% of (x) any amount received in cash by us or any of our Restricted Subsidiaries as dividends, distributions or return of capital from, or payment of interest or principal on any loan or advance to, and (y) the aggregate net cash proceeds received by us or any of our Restricted Subsidiaries upon the sale or other disposition of, the investee (other than one of our Unrestricted Subsidiaries) of any Investment made by us and our Restricted Subsidiaries since the Issue Date; provided that the foregoing sum shall not exceed, in the case of any investee, the aggregate amount of Investments previously made (and treated as a Restricted Payment) by us or any of our Restricted Subsidiaries in such investee subsequent to the Issue Date, plus

(d) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (a) above, 100% of (x) any amount received in cash by us or any of our Restricted Subsidiaries as dividends, distributions or return of capital from, or payment of interest or principal on any loan or advance to, or upon the sale or other disposition of the Capital Stock of, an Unrestricted Subsidiary and (y) the fair market value of the net assets of an Unrestricted Subsidiary, at the time such Unrestricted Subsidiary is redesignated as a Restricted Subsidiary or is merged, consolidated or amalgamated with or into, or is liquidated into, us or any of our Restricted Subsidiaries, multiplied by our proportionate interest in such Subsidiary; provided that the foregoing sum shall not exceed, in the case of any Unrestricted Subsidiary, the aggregate amount of Investments previously made (and treated as a Restricted Payment) by us or any of our Restricted Subsidiaries in such Unrestricted Subsidiary subsequent to the Issue Date, plus

(e) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (a) above, 100% of the amount of any Investment made (and treated as a Restricted Payment) since the Issue Date in a Person that subsequently becomes our Restricted Subsidiary.

The preceding provisions will not prohibit:

- (1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the senior subordinated indenture;
- (2) the redemption, repurchase, retirement, defeasance or other acquisition of (a) any of our Indebtedness or any Indebtedness of any Guarantor that is expressly subordinated in right of payment to the senior subordinated notes or any Subsidiary Guarantee or (b) any of our Equity Interests or any Equity Interests of our Restricted Subsidiaries in exchange for, or out of the net cash proceeds of the substantially concurrent issuance and sale (other than to any

of our Subsidiaries) of, Qualified Capital Stock; provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall not increase the Basket;

- (3) the redemption, repurchase, retirement, defeasance or other acquisition of any of our Indebtedness or any Indebtedness of any Guarantor which is expressly subordinated in right of payment to the senior subordinated notes or any Subsidiary Guarantee with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;
- (4) the payment of any dividend or other distribution of earnings and profits by a Restricted Subsidiary to the holders of all of our Equity Interests on a pro rata basis or to the holders of the Equity Interests of GreenFiber in accordance with the terms of the limited liability company agreement governing GreenFiber, as in effect at the time of such payment;
- (5) the repurchase of Equity Interests deemed to occur upon the exercise of stock options if such Equity Interests represent a portion of the exercise price thereof;
- (6) as long as no Default has occurred and is continuing or would be caused thereby, the redemption, repurchase or other acquisition of Equity Interests constituting restricted stock repurchased from one of our employees or an employee of any of our Restricted Subsidiaries in connection with the termination of employment of such employee, in an amount not to exceed the net cash proceeds received from such terminated employee upon issuance of such Equity Interests;
- (7) (i) the redemption in cash on or after August 11, 2007 of the shares of series A redeemable convertible preferred stock outstanding on the date of the senior subordinated indenture pursuant to the mandatory redemption provisions of the series A convertible preferred stock and (ii) the payment of dividends on the series A redeemable convertible preferred stock by the increase, at or after the relevant dividend payment dates, in the liquidation preference thereof equal to the amount of such dividends; and
- (8) Restricted Payments not to exceed \$5.0 million in the aggregate since the Issue Date.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by us or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities having a fair market value in excess of \$5.0 million that are required to be valued by this covenant shall be determined in good faith by our board of directors, whose resolution with respect thereto shall be delivered to the trustee. The board of directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds \$10.0 million. Not later than the date of making any Restricted Payment, we shall deliver to the trustee an officers' certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this "Restricted Payments" covenant were computed, together with a copy of any fairness opinion or appraisal required by the senior subordinated indenture.

In determining whether any Restricted Payment is permitted by the foregoing covenant, we may allocate or reallocate all or any portion of such Restricted Payment between clauses (6) and (8) of the second paragraph of this "—Restricted Payments" covenant or between such clauses and the Basket; provided that at the time of such allocation or reallocation, all such Restricted Payments, or allocated portions thereof, would be permitted under such provisions.

## Incurrence of Indebtedness and Issuance of Preferred Stock

(i) We may not, and we will not permit any of our Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness (including Acquired Debt), and (ii) we will not issue any Disqualified Capital Stock and will not permit any of our Restricted Subsidiaries to issue any shares of Preferred Stock; provided that we or any Guarantor may incur Indebtedness (including Acquired Debt), and we may issue Disqualified Capital Stock, if the Consolidated Fixed Charge Coverage Ratio is at least 2.0 to 1.0 (this proviso, the "Coverage Ratio Exception").

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

(1) Indebtedness and letters of credit under the Senior Credit Facility (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of us and our Restricted Subsidiaries thereunder) in an aggregate principal amount not to exceed \$375.0 million less the aggregate amount of all Net Proceeds of Asset Sales applied by us or any of our Subsidiaries since the date of the senior subordinated indenture to repay Indebtedness under the Senior Credit Facility;

(2) the senior subordinated notes issued on the Issue Date, the Exchange Notes and the Subsidiary Guarantees thereof;

(3) Capital Lease Obligations and Purchase Money Obligations, and Permitted Refinancing Indebtedness thereof, in an aggregate amount not to exceed \$10.0 million at any time outstanding;

(4) Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refinance, (x) Existing Indebtedness or (y) Indebtedness incurred under the Coverage Ratio Exception or clause (2) of this paragraph or this clause (4);

(5) Indebtedness owed by us or any of our Restricted Subsidiaries to us or any of our Restricted Subsidiaries; provided that:

(a) if we or any Guarantor are the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the senior subordinated notes, in our case, or the Subsidiary Guarantee of such Guarantor, in the case of a Guarantor; and

(b) (x) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than us or one of our Wholly Owned Restricted Subsidiaries and (y) any sale or other transfer of any such Indebtedness to a Person that is not either us or one of our Wholly Owned Restricted Subsidiaries shall be deemed, in each case, to constitute an incurrence of such Indebtedness by us or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (5);

(6) Hedging Obligations with respect to (a) interest rates on any Indebtedness that is permitted by the terms of the senior subordinated indenture to be outstanding, (b) foreign currency exchange rates, (c) prices of recycled paper, fiber, aluminum, tin, glass, rubber, plastics or other recycled products or (d) the price of fuel required for the operations of our businesses and the business of our Restricted Subsidiaries; provided that (i) any such Hedging Obligation of the type described in clauses (b) through (d) will be permitted by this clause (6) only if it was entered into to protect us and our Restricted Subsidiaries from fluctuations in foreign currency exchange rates, the prices of recycled paper, fiber, aluminum, tin, glass, rubber, plastics or other recycled products or fuel covered by such agreements, as applicable, and not for speculative purposes, (ii) in the case of Hedging Obligations of the type described in clause (a) above, any such Hedging Obligations will be permitted by this clause (6) only to the extent the notional principal amount of such Hedging Obligations, when incurred, does not exceed the principal amount of the Indebtedness to which such Hedging Obligations relate and (iii) in the case of Hedging Obligations of the type described in clause (b) above, such Hedging Obligations do not

increase our Indebtedness and the Indebtedness of our Restricted Subsidiaries outstanding other than as a result of fluctuations in foreign currency exchange rates or by reason of fees, indemnities and compensation payable thereunder;

(7) obligations in the ordinary course of business in respect of workers' compensation claims, self-insurance obligations, performance, surety and similar bonds and completion bonds and bid guarantees with respect to our assets or business or the assets or business of any of our Restricted Subsidiaries;

(8) (x) the Guarantee by us or any Guarantor of our Indebtedness or Indebtedness of a Guarantor and (y) the guarantee by any Restricted Subsidiary that is not a Guarantor of Indebtedness of any other Restricted Subsidiary that is not a Guarantor; provided that, in each case, the Indebtedness being guaranteed is permitted to be incurred by another provision of the senior subordinated indenture;

(9) indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assumed in connection with the disposition of any business or assets of Casella or any of its Restricted Subsidiaries or Capital Stock of any of its Restricted Subsidiaries; provided that the maximum aggregate liability in respect of all of such obligations outstanding under this clause (9) shall at no time exceed the gross proceeds including non-cash proceeds (the fair market value of such non-cash proceeds being measured at the time received and without giving effect to any subsequent changes in value) actually received by us and our Restricted Subsidiaries in connection with such dispositions;

(10) Acquired Debt incurred by the debtor prior to the time that the debtor thereunder was acquired by or merged into us or any of our Subsidiaries, or prior to the time that the related asset was acquired by us or any of our Subsidiaries, and was not incurred in connection with, or in contemplation of, such acquisition or merger, and Permitted Refinancing Indebtedness thereof, in an aggregate amount not to exceed \$10.0 million at any time outstanding;

(11) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds; provided that such Indebtedness is extinguished within five business days of incurrence; and

(12) additional Indebtedness in an aggregate amount not to exceed \$10.0 million at any time outstanding.

Notwithstanding any other provision in this covenant, the maximum amount of Indebtedness that we or any of our Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded as a result of fluctuations in exchange rates of currencies. The outstanding principal amount of any particular Indebtedness shall be counted only once and any obligation arising under any Guarantee, Lien, letter of credit or similar instrument supporting such Indebtedness shall be disregarded, so long as the obligor is permitted to incur such obligation. For purposes of determining compliance with this covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (12) above, or is entitled to be incurred pursuant to the Coverage Ratio Exception, we will be permitted to divide and classify such item of Indebtedness on the date of its incurrence in any manner that complies with this covenant (provided that all Indebtedness outstanding under the Senior Credit Facility on the Issue Date shall be deemed to have been incurred pursuant to clause (1) above).

#### **No Senior Subordinated Debt**

We will not, directly or indirectly, incur any Indebtedness that is, or purports to be, subordinate or junior in right of payment to any of our Senior Debt and senior in any respect in right of payment to the senior subordinated notes. No Guarantor will, directly or indirectly, incur any Indebtedness that is,

or purports to be, subordinate or junior in right of payment to any Senior Debt of such Guarantor and senior in any respect in right of payment to such Guarantor's Subsidiary Guarantee. For purposes hereof, unsecured Indebtedness shall not be deemed to be subordinate or junior to secured Indebtedness solely because it is unsecured, and Indebtedness that is not Guaranteed by a particular Person shall not be deemed to be subordinate or junior to Indebtedness solely because it is not so Guaranteed.

### **Liens**

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens, unless all payments due under the senior subordinated indenture and the senior subordinated notes are secured on an equal and ratable basis with the obligation so secured until such time as such is no longer secured by a Lien; provided that if such obligation is by its terms expressly subordinated to the senior subordinated notes or any Subsidiary Guarantee, the Lien securing such obligation shall be subordinate and junior to the Lien securing the senior subordinated notes and the Subsidiary Guarantees with the same relative priority as such subordinate or junior obligation shall have with respect to the senior subordinated notes and the Subsidiary Guarantees.

### **Dividend and Other Payment Restrictions Affecting Subsidiaries**

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on or in respect of its Equity Interests to us or any of our Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to us or any of our Restricted Subsidiaries;

(2) make loans or advances to us or any of our Restricted Subsidiaries; or

(3) transfer any of our properties or assets to us or any of our Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) the Senior Credit Facility or any Existing Indebtedness, in each case, as in effect on the date of the senior subordinated indenture and any amendments or refinancings thereof; provided that such amendments or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other restrictions than those contained in the Senior Credit Facility or such Existing Indebtedness, as in effect on the date of the senior subordinated indenture;

(2) the senior subordinated indenture and the senior subordinated notes;

(3) applicable law, rule, regulation or order of any governmental authority;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by us or any of our Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the senior subordinated indenture to be incurred;

(5) customary non-assignment provisions (and sublease restrictions) in leases entered into in the ordinary course of business and consistent with past practices;

(6) Purchase Money Obligations that impose restrictions only on the property acquired of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by such Restricted Subsidiary pending its sale or other disposition; provided that such sale or disposition is made in compliance with the provisions of the senior subordinated indenture described under the caption "—Repurchase at the Option of Holders—Asset Sales;"

(8) Permitted Refinancing Indebtedness; provided that such dividend and other restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens securing Indebtedness otherwise permitted to be incurred pursuant to the provisions of the covenant described above under the caption "—Liens" that limit our right or the rights of any of our Restricted Subsidiaries to dispose of the assets subject to such Lien;

(10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(11) customary restrictions on cash or other deposits or net worth imposed by customers or government authorities under contracts or other agreements entered into in the ordinary course of business; and

(12) any agreement relating to a Sale and Leaseback Transaction or Capital Lease Obligation, in each case, otherwise permitted by the senior subordinated indenture, but only on the property subject to such transaction or lease and only to the extent that such restrictions or encumbrances are customary with respect to a Sale and Leaseback Transaction or capital lease.

#### **Transactions with Affiliates**

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of our properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any of our Affiliates (each, an "Affiliate Transaction"), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to us or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by us or such Restricted Subsidiary with an unrelated Person; and

(2) we deliver to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$2.0 million, a resolution of our board of directors set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of our Disinterested Directors, if there are any such Disinterested Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, or in excess of \$2.0 million if such transaction has not been approved by a majority of the Disinterested Directors or if at such time there are no Disinterested Directors, an opinion as to the fairness of such Affiliate Transaction

from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) transactions exclusively between or among us and/or one or more of our Restricted Subsidiaries; provided, in each case, such transaction is not otherwise prohibited by the senior subordinated indenture and that no Affiliate of ours (other than a Restricted Subsidiary) owns any Equity Interests in any Restricted Subsidiary that is a party to such transaction;
- (2) any agreement in effect on the Issue Date as in effect on the Issue Date or as thereafter amended in a manner which is, taken as a whole, in the good faith judgment of our board of directors not materially less favorable to us or such Restricted Subsidiary than the original agreement as in effect on the Issue Date;
- (3) any employment, compensation, benefit or indemnity agreements, arrangements or plans in respect of any officer, director, employee or consultant of us or any of our Restricted Subsidiaries entered into in the ordinary course of business and approved by our board of directors;
- (4) loans and advances permitted by clause (6) of the definition of "Permitted Investments;"
- (5) transactions between us or any of our Restricted Subsidiaries and GreenFiber; provided, in each case, that (i) such transaction (a) is on terms that are no less favorable to us or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by us or such Restricted Subsidiary with an unrelated Person and (b) is not otherwise prohibited by the senior subordinated indenture and (ii) that no Affiliate of ours (other than a Restricted Subsidiary) owns any Equity Interests in any Person that is a party to such transaction;
- (6) the issuance and sale of Qualified Capital Stock; and
- (7) Restricted Payments (other than Investments) that are permitted by the provisions of the senior subordinated indenture described under the caption "—Restricted Payments."

#### **Additional Subsidiary Guarantees**

If we or any of our Restricted Subsidiaries transfers, acquires or creates another Restricted Subsidiary (other than any Foreign Subsidiary) after the date of the senior subordinated indenture or transfers or causes to be transferred, in any one transaction or a series of related transactions, any assets in excess of \$1,000 to any Restricted Subsidiary (other than a Foreign Subsidiary or our captive insurance subsidiary) that is not a Guarantor, or designates any Unrestricted Subsidiary (other than a Foreign Subsidiary) as a Restricted Subsidiary, then that newly acquired, created, capitalized or designated Restricted Subsidiary must become a Guarantor and shall, within ten business days of the date on which it was so acquired, created, capitalized or designated:

- execute and deliver to the trustee a supplemental indenture in form reasonably satisfactory to the trustee pursuant to which such Restricted Subsidiary shall unconditionally guarantee all of our obligations under the senior subordinated notes and the senior subordinated indenture on the terms set forth in the senior subordinated indenture; and
- deliver to the trustee an Opinion of Counsel that such supplemental indenture has been duly authorized, executed and delivered by such Restricted Subsidiary and constitutes a valid and legally binding and enforceable obligation of such Restricted Subsidiary, subject to customary exceptions.

Thereafter, such Restricted Subsidiary shall be a Guarantor for all purposes of the senior subordinated indenture.

Notwithstanding the preceding paragraph, any Subsidiary Guarantee will provide by its terms that it will be automatically and unconditionally released and discharged under the circumstances set forth in the senior subordinated debenture. The form of the Subsidiary Guarantee will be attached as an exhibit to the senior subordinated indenture.

#### **Designation of Restricted and Unrestricted Subsidiaries**

Our board of directors may designate (a "Designation") any Restricted Subsidiary to be an Unrestricted Subsidiary if such Designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, all outstanding Investments owned by us and our Restricted Subsidiaries in the Subsidiary so designated will be deemed to be an Investment made as of the time of such Designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption "—Restricted Payments" or for Permitted Investments, as applicable. All such outstanding Investments will be valued at their fair market value at the time of such Designation in accordance with the provisions of the second to last paragraph under "—Restricted Payments." Such Designation will be permitted only if such Investment would be a Permitted Investment or otherwise would at the time of such Designation not be prohibited under provisions of the senior subordinated indenture described under the caption "—Restricted Payments."

Our board of directors may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation"); provided that (a) no Default exists at the time of or after giving effect to such Revocation; and (b) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately after such Revocation would, if incurred at such time, have been permitted to be incurred (and shall be deemed to have been incurred) for all purposes of the senior subordinated indenture.

Any such Designation or Revocation by our board of directors after the Issue Date shall be evidenced to the trustee by promptly filing with the trustee a copy of the resolution of our board of directors giving effect to such Designation or Revocation and an officers' certificate certifying that such Designation or Revocation complied with the foregoing provisions.

#### **Sale and Leaseback Transactions**

We will not, and will not permit any of our Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; provided that we or any of our Restricted Subsidiaries that is a Guarantor may enter into a Sale and Leaseback Transaction if:

- (1) we or that Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction pursuant to the covenant described under "—Incurrence of Indebtedness and Issuance of Preferred Stock" and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption "—Liens;"
- (2) the gross cash proceeds of such Sale and Leaseback Transaction are at least equal to the fair market value, as determined in good faith by the board of directors and set forth in an officers' certificate delivered to the trustee, of the assets that are the subject of such Sale and Leaseback Transaction; and
- (3) the transfer of assets in such Sale and Leaseback Transaction is permitted by, and we apply the proceeds of such transaction in compliance with, the provisions of the senior subordinated indenture relating to the sale of assets (unless the sale of such assets would not constitute an Asset Sale under the definition of "Asset Sale").

### **Limitation on Issuances and Sales of Equity Interests in Wholly Owned Subsidiaries**

We will not, and will not permit any of our Restricted Subsidiaries to, transfer, convey, sell, lease or otherwise dispose of any Equity Interests in any of our Wholly Owned Restricted Subsidiaries to any Person (other than ourselves or our Wholly Owned Restricted Subsidiaries), unless the transfer, conveyance, sale, lease or other disposition is of all the Equity Interests in such Wholly Owned Restricted Subsidiary and the Net Proceeds from such transfer, conveyance, sale, lease or other disposition are applied in accordance with the provisions of the senior subordinated indenture described above under the caption "—Repurchase at the Option of Holders—Asset Sales." In addition, we will not permit any of our Wholly Owned Restricted Subsidiaries to issue any of their Equity Interests (other than, if necessary, shares of their Capital Stock constituting directors' qualifying shares) to any Person other than to us or our Wholly Owned Restricted Subsidiaries. This covenant will not apply with respect to the Equity Interests of GreenFiber or any of its Subsidiaries or its direct parent if or when GreenFiber becomes our Wholly Owned Restricted Subsidiary.

### **Business Activities**

We will not, and will not permit any Restricted Subsidiary to, engage in any business other than Permitted Businesses.

### **Payments for Consent**

We will not, and will not permit any of our Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of senior subordinated notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the senior subordinated indenture or the senior subordinated notes unless such consideration is offered to be paid and is paid to all holders of the senior subordinated notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or amendment.

### **Consolidation, Merger or Asset Sale**

#### *Senior Subordinated Indenture*

(a) We may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not we are the surviving corporation); or (2) sell, assign, lease, transfer, convey or otherwise dispose of all or substantially all of our properties or assets (determined on a consolidated basis for us and our Restricted Subsidiaries), in one or more related transactions, to another Person, unless:

(1) either: (A) we are the surviving corporation; or (B) the Person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made (the "Surviving Person") is a corporation organized under the laws of the United States, any state thereof or the District of Columbia;

(2) the Surviving Person assumes all our obligations under the senior subordinated notes, and the senior subordinated indenture pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after such transaction no Default exists (including, without limitation, after giving effect to any Indebtedness or Liens incurred, assumed or granted in connection with or in respect of such transaction); and

(4) we or the Surviving Person: (x) will have a Consolidated Net Worth immediately after the transaction equal to or greater than our Consolidated Net Worth immediately preceding the transaction; and (y) will be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Coverage Ratio Exception.

The foregoing clauses (3) and (4) shall not apply to (a) a merger or consolidation of any Restricted Subsidiary with or into us or (b) a transaction solely for the purpose of and with the effect of reincorporating us in another jurisdiction and/or forming a holding company to hold all of our Capital Stock or forming an intermediate holding company to hold all of the Capital Stock of our Subsidiaries.

In the event of any transaction described in and complying with the conditions listed in the preceding paragraph in which we are not the continuing corporation, the successor Person formed or remaining shall succeed to, and be substituted for, and may exercise all of our rights and powers, and we will be discharged from all obligations and covenants under the senior subordinated indenture and the senior subordinated notes.

(b) No Guarantor may, and we will not cause or permit any Guarantor to, consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person unless:

(1) immediately after such transaction, no Default exists (including, without limitation, after giving effect to any Indebtedness or Liens incurred, assumed or granted in connection with or in respect of such transaction); and

(2) the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) assumes all the obligations of such Guarantor under its Subsidiary Guarantee and the senior subordinated indenture pursuant to agreements reasonably satisfactory to the trustee.

The requirements of this clause (b) shall not apply to (x) a consolidation or merger of any Guarantor with or into us or any other Guarantor so long as we or a Guarantor survives such consolidation or merger or (y) the sale by consolidation or merger of a Guarantor, which sale is covered by and complies with the provisions of the senior subordinated indenture described under "—Repurchase at the Option of Holders—Asset Sales."

(c) We will deliver to the trustee prior to the consummation of each proposed transaction an officers' certificate certifying that the conditions set forth above are satisfied and an Opinion of Counsel, which opinion may contain customary exceptions and qualifications, that the proposed transaction and the supplemental indenture, if any, comply with the senior subordinated indenture.

#### **Definitions Related to the Senior Subordinated Indenture**

We have summarized below the definitions of some of the terms used in the senior subordinated indenture. In the definitions, all references to "us," "we," or "our" means Casella Waste Systems, Inc. only.

Such present value shall be calculated using a discount rate equal to the rate of interest implicit in such transaction, determined in accordance with GAAP.

"Beneficial Owner" has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular "person" (as such term is used in Section 13(d)(3) of the Exchange Act), such "person" shall be deemed to have beneficial ownership of all securities that such "person" has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition.

  - all income taxes of such Person and its Restricted Subsidiaries paid or accrued in accordance with GAAP for such period (other than income taxes attributable to extraordinary gains or losses or income taxes attributable to Asset Sales and other sales or dispositions outside the ordinary course of business to the extent that gains or losses from such transactions have been excluded from the computation of Consolidated Net Income),
  - Consolidated Interest Expense, and
  - Consolidated Non-cash Charges less any non-cash items increasing Consolidated Net Income for such period (except to the extent such non-cash item increasing Consolidated Net Income relates to a cash benefit for any future period),

all as determined on a consolidated basis for such Person and its Restricted Subsidiaries in accordance with GAAP.

"Consolidated Fixed Charge Coverage Ratio" means, with respect to any Person, the ratio of (x) Consolidated EBITDA of such Person during the four full fiscal quarters for which financial statements are available (the "Four Quarter Period") ending on or prior to the Transaction Date to (y) Consolidated Fixed Charges of such Person for the Four Quarter Period.

For purposes of this definition, "Consolidated EBITDA" and "Consolidated Fixed Charges" shall be calculated after giving effect on a pro forma basis in accordance with Regulation S-X under the Exchange Act to the incurrence, repayment or redemption of any Indebtedness of such Person or any of its Restricted Subsidiaries giving rise to the need to make such calculation and any incurrence,

repayment or redemption of other Indebtedness, other than the incurrence, repayment or redemption of Indebtedness in the ordinary course of business for working capital purposes pursuant to working capital facilities, occurring during the Four Quarter Period or at any time subsequent to the last day of the Four Quarter Period and prior to the Transaction Date, as if such incurrence, repayment or redemption, as the case may be, occurred on the first day of the Four Quarter Period.

In addition, Investments (including any Designation of Unrestricted Subsidiaries), Revocations, acquisitions, dispositions, mergers and consolidations that have been made by Casella or any of its Restricted Subsidiaries during the Four Quarter Period or subsequent to the Four Quarter Period and on or prior to the Transaction Date shall be given effect on a pro forma basis in accordance with Regulation S-X under the Exchange Act, to the extent applicable, assuming that all such Investments, Revocations, acquisitions, dispositions, mergers and consolidations (and the reduction or increase of any associated Consolidated Fixed Charges and the change in Consolidated EBITDA, resulting therefrom) had occurred on the first day of the Four Quarter Period. If, since the beginning of such period, any Person (that subsequently became a Restricted Subsidiary or was merged with or into Casella or any Restricted Subsidiary since the beginning of such period) shall have made any Investment, Revocation, acquisition, disposition, merger or consolidation that would have required adjustment pursuant to this definition, then the Consolidated Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, Revocation, acquisition, disposition, merger or consolidation had occurred at the beginning of the applicable Four Quarter Period.

If such Person or any of its Restricted Subsidiaries directly or indirectly Guarantees Indebtedness of a Person other than Casella or a Restricted Subsidiary, the preceding paragraph will give effect to the incurrence of such Guaranteed Indebtedness as if such Person or any Restricted Subsidiary of such Person had directly incurred or otherwise assumed such Guaranteed Indebtedness.

Furthermore, in calculating "Consolidated Fixed Charges" for purposes of determining the denominator (but not the numerator) of this "Consolidated Fixed Charge Coverage Ratio,"

(1) interest on outstanding Indebtedness determined on a fluctuating basis as of the Transaction Date and which will continue to be so determined thereafter shall be deemed to have accrued at a fixed rate per annum equal to the weighted average rate of interest during the Four Quarter Period;

(2) if interest on any Indebtedness actually incurred on the Transaction Date may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on the Transaction Date will be deemed to have been in effect during the Four Quarter Period; and

(3) notwithstanding clause (1) above, interest on Indebtedness determined on a fluctuating basis, to the extent such interest is covered by agreements relating to Hedging Obligations, shall be deemed to accrue at the weighted average rate per annum during the Four Quarter Period resulting after giving effect to the operation of such agreements.

"Consolidated Interest Expense" means, with respect to any Person for any period, the sum of, without duplication,

(1) the aggregate of the interest expense of such Person and its Restricted Subsidiaries for such period determined on a consolidated basis in accordance with GAAP, including, without limitation,

(5) any restoration to income of any contingency reserve, except to the extent that provision for such reserve was made out of Consolidated Net Income accrued at any time following the Issue Date;

(6) the net income of any Person earned prior to the date it becomes a Restricted Subsidiary of the Referent Person or is merged or consolidated with the Referent Person or any Restricted Subsidiary of the Referent Person;

"Consolidated Non-cash Charges" means, with respect to any Person, for any period, the aggregate depreciation, amortization and other non-cash charges of such Person and its Restricted Subsidiaries reducing the Consolidated Net Income of such Person and its Restricted Subsidiaries for such period determined on a consolidated basis in accordance with GAAP (excluding any such charges constituting an extraordinary item or loss or any such charge which requires an accrual of or a reserve for cash charges for any future period).

## DESCRIPTION OF WARRANTS

The following description, together with the additional information we may include in any applicable prospectus supplements, summarizes the material terms and provisions of the warrants that we may offer under this prospectus and the related warrant agreements and warrant certificates. While the terms summarized below will apply generally to any warrants that we may offer, we will describe the particular terms of any series of warrants in more detail in the applicable prospectus supplement. If we indicate in the prospectus supplement, the terms of any warrants offered under that prospectus supplement may differ from the terms described below. Specific warrant agreements will contain additional important terms and provisions and will be incorporated by reference as an exhibit to the registration statement which includes this prospectus.

### General

We may issue warrants for the purchase of common stock, preferred stock or debt securities in one or more series. We may issue warrants independently or together with common stock, preferred stock and debt securities, and the warrants may be attached to or separate from these securities.

We will evidence each series of warrants by warrant certificates that we will issue under a separate agreement. We may enter into the warrant agreement with a warrant agent. We will indicate the name and address and other information regarding the warrant agent in the applicable prospectus supplement relating to a particular series of warrants.

We will describe in the applicable prospectus supplement the terms of the series of warrants, including:

- the offering price and aggregate number of warrants offered;
- the currency for which the warrants may be purchased;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- if applicable, the date on and after which the warrants and the related securities will be separately transferable;
- in the case of warrants to purchase debt securities, the principal amount of debt securities purchasable upon exercise of one warrant and the price at, and currency in which, this principal amount of debt securities may be purchased upon such exercise;
- in the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, purchasable upon the exercise of one warrant and the price at which these shares may be purchased upon such exercise;

- the terms of any rights to redeem or call the warrants;
- any provisions for changes to or adjustments in the exercise price or number of securities issuable upon exercise of the warrants;
- the dates on which the right to exercise the warrants will commence and expire;
- the manner in which the warrant agreement and warrants may be modified;
- federal income tax consequences of holding or exercising the warrants;
- the terms of the securities issuable upon exercise of the warrants; and

- any other specific terms, preferences, rights or limitations of or restrictions on the warrants.

Before exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including:

- in the case of warrants to purchase debt securities, the right to receive payments of principal of, or premium, if any, or interest on, the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture; or
- in the case of warrants to purchase common stock or preferred stock, the right to receive dividends, if any, or, payments upon our liquidation, dissolution or winding up or to exercise voting rights, if any.

#### **Exercise of Warrants**

Each warrant will entitle the holder to purchase the securities that we specify in the applicable prospectus supplement at the exercise price that we describe in the applicable prospectus supplement. Unless we otherwise specify in the applicable prospectus supplement, holders of the warrants may exercise the warrants at any time up to 5:00 p.m. New York time on the expiration date that we set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Holders of the warrants may exercise the warrants by delivering the warrant certificate representing the warrants to be exercised together with specified information, and paying the required amount to the warrant agent in immediately available funds, as provided in the applicable prospectus supplement. We will set forth on the reverse side of the warrant certificate and in the applicable prospectus supplement the information that the holder of the warrant will be required to deliver to the warrant agent.

Upon receipt of the required payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by the warrant certificate are exercised, then we will issue a new warrant certificate for the remaining amount of warrants. If we so indicate in the applicable prospectus supplement, holders of the warrants may surrender securities as all or part of the exercise price for warrants.

#### **Enforceability of Rights by Holders of Warrants**

Each warrant agent will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case of any default by us under the applicable warrant agreement or warrant, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a warrant may, without the consent of the related warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, its warrants.

## DESCRIPTION OF UNITS

We may issue units, consisting of one or more securities, including common stock, preferred stock, debt securities and warrants, in any combination, as described in a prospectus supplement.

- any additional terms of the governing unit agreement;
- any additional provisions for the issuance, payment, settlement, transfer or exchange of the units or of the common stock, preferred stock, debt securities and warrants constituting the units; and
- any applicable federal income tax consequences.

The terms and conditions described under "Description of Common Stock," "Description of Preferred Stock," "Description of Debt Securities," and "Description of Warrants" and those described below under "—Significant Provisions of the Unit Agreement" will apply to each unit and to any security included in each unit, unless otherwise specified in the applicable prospectus supplement.

We will issue the units under one or more unit agreements, each referred to as a unit agreement, to be entered into between us and a bank or trust company, as unit agent. We may issue units in one or more series, which will be described in a prospectus supplement. The following descriptions of the material provisions and terms of the unit agreement and units are not complete, and you should review the detailed provisions of the unit agreement to be filed with the SEC in connection with the offering of specific units for a full description and for other information regarding the units.

### Significant Provisions of the Unit Agreement

**Obligations of Unit Holder.** Under the terms of a unit agreement, each owner of a unit consents to and agrees to be bound by the terms of the unit agreement.

**Assumptions of Obligations by Transferee.** Upon the registration of transfer of a unit, the transferee will assume the obligations, if any, of the transferor under any security constituting that unit and the transferor will be released from those obligations. Under the unit agreement, we consent to the transfer of these obligations to the transferee, to the assumption of these obligations by the transferee and to the release of the transferor, if the transfer is made in accordance with the provisions of the unit agreement.

**Remedies.** Upon the acceleration of the debt securities constituting all or part of any units, our obligations may also be accelerated upon the request of the owners of not less than 50% of the affected units, on behalf of all the owners.

**Limitation on Actions by You as an Individual Holder.** No owner of any unit will have any right under the unit agreement to institute any action or proceeding at law or in equity or in bankruptcy or otherwise regarding the unit agreement, or for the appointment of a trustee, receiver, liquidator, custodian or other similar official, unless the owner has given written notice to the unit agent and to us of the occurrence and continuance of a default thereunder, and in the case of an event of default under the debt securities or the relevant indenture, unless the procedures, including notice to us and the trustee, described in the applicable indenture have been complied with. If these conditions have been satisfied, any owner of an affected unit may then, but only then, institute an action or proceeding.

**Absence of Protections Against Certain Potential Events.** There are no covenants or other provisions in the unit agreement providing for a put right or increased interest, or providing for any other right or benefit, that would afford holders of units additional protection in the event of a recapitalization transaction, a change of control or a highly leveraged transaction.

**Modification Without Consent of Holders.** We and the unit agent may amend the unit agreement without the consent of the holders to:

- cure any ambiguity;
- correct or supplement any defective or inconsistent provision; or
- amend the terms in any other manner which we may deem necessary or desirable and which will not adversely affect the interests of the affected holders in any material respect.

**Modification With Consent of Holders.** We and the unit agent, with the consent of the holders of not less than a majority of all series of outstanding units affected, voting as one class, may modify the rights of the holders of the units of each series so affected. However, we and the unit agent may not without the consent of the holder of each outstanding unit affected modify the holders' units or the terms of the unit agreement in any manner that would:

- materially and adversely affect the holders' units or the terms of the unit agreement; or
- reduce the percentage of outstanding units the consent of whose owners is required for the modification of the provisions of the unit agreement.

Modifications of any debt securities included in units may only be made in accordance with the applicable indenture, as described under "Description of Debt Securities—Modification of Indenture; Waiver."

**Consolidation, Merger or Sale of Assets.** The unit agreement provides that we will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our properties and assets to any person or persons in a single transaction or through a series of transactions, unless:

- we shall be the continuing person or, if we are not the continuing person, the resulting, surviving or transferee person (the "surviving entity") is a company organized and existing under the laws of the United States or any State or territory;
- the surviving entity expressly assumes all of our obligations under the debt securities and each indenture and, if required by law to effectuate the assumption, executes supplements to indentures which will be delivered to the trustees and will be in form and substance reasonably satisfactory to the trustees;
- immediately after giving effect to such transaction or series of transactions on a pro forma basis, no default has occurred and is continuing; and
- we or the surviving entity have delivered to the trustees an officers' certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with this covenant and that all conditions precedent in the applicable indenture relating to the transaction or series of transactions have been satisfied.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all of our assets occurs in accordance with the indentures, the successor corporation will succeed to, and be substituted for, and may exercise our rights and powers under the indentures with the same effect as if such successor corporation had been named as us and we will be discharged from all obligations and covenants under the indentures and the debt securities.

**Unit Agreements Not Qualified Under Trust Indenture Act.** A unit agreement will not be qualified as an indenture under, and the unit agent will not be required to qualify as a trustee under, the Trust Indenture Act. Accordingly, the holders of units will not have the benefits of the protections of the Trust Indenture Act. However, any debt securities issued as part of a unit will be issued under an indenture qualified under the Trust Indenture Act, and the trustee under that indenture will be qualified as a trustee under the Trust Indenture Act.

**Title.** We, the unit agent, the trustees, the warrant agent and any of their agents will treat the registered owner of any unit as its owner, notwithstanding any notice to the contrary, for all purposes.

**New York Law to Govern.** The unit agreement and the units will be governed by, and construed in accordance with, the laws of the State of New York.

## LEGAL OWNERSHIP OF SECURITIES

We can issue securities in registered form or in the form of one or more global securities. We describe global securities in greater detail below. We refer to those persons who have securities registered in their own names on the books that we or any applicable trustee maintain for this purpose as the "holders" of those securities. These persons are the legal holders of the securities. We refer to those persons who, indirectly through others, own beneficial interests in securities that are not registered in their own names, as "indirect holders" of those securities. As we discuss below, indirect holders are not legal holders, and investors in securities issued in book-entry form or in street name will be indirect holders.

### Book-Entry Holders

We may issue securities in book-entry form only, as we will specify in the applicable prospectus supplement. This means securities may be represented by one or more global securities registered in the name of a financial institution that holds them as depositary on behalf of other financial institutions that participate in the depositary's book-entry system. These participating institutions, which are referred to as participants, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

Only the person in whose name a security is registered is recognized as the holder of that security. Securities issued in global form will be registered in the name of the depositary or its participants. Consequently, for securities issued in global form, we will recognize only the depositary as the holder of the securities, and we will make all payments on the securities to the depositary. The depositary passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depositary and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities.

As a result, investors in a book-entry security will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depositary's book-entry system or holds an interest through a participant. As long as the securities are issued in global form, investors will be indirect holders, and not holders, of the securities.

### Street Name Holders

We may terminate a global security or issue securities in non-global form. In these cases, investors may choose to hold their securities in their own names or in "street name." Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution

that the investor chooses, and the investor would hold only a beneficial interest in those securities through an account he or she maintains at that institution.

For securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities, and we will make all payments on those securities to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect holders, not holders, of those securities.

### **Legal Holders**

Our obligations, as well as the obligations of any applicable trustee and of any third parties employed by us or a trustee, run only to the legal holders of the securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a security or if we issue the securities only in global form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, we may want to obtain the approval of the holders to amend an indenture, to relieve us of the consequences of a default or of our obligation to comply with a particular provision of the indenture or for other purposes. In such an event, we would seek approval only from the holders, and not the indirect holders, of the securities. Whether and how the holders contact the indirect holders is up to the holders.

### **Special Considerations For Indirect Holders**

If you hold securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

- how it handles securities payments and notices;
- whether it imposes fees or charges;
- how it would handle a request for the holders' consent, if ever required;
- whether and how you can instruct it to send you securities registered in your own name so you can be a holder, if that is permitted in the future;
- how it would exercise rights under the securities if there were a default or other event triggering the need for holders to act to protect their interests; and
- if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

### **Global Securities**

A global security is a security held by a depository which represents one or any other number of individual securities. Generally, all securities represented by the same global securities will have the same terms.

Each security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the

applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository, its nominee or a successor depository, unless special termination situations arise. We describe those situations below under "—Special Situations When a Global Security Will Be Terminated." As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the security, but only an indirect holder of a beneficial interest in the global security.

If the prospectus supplement for a particular security indicates that the security will be issued in global form only, then the security will be represented by a global security at all times unless and until the global security is terminated. If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

### **Special Considerations For Global Securities**

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize an indirect holder as a holder of securities and instead deal only with the depository that holds the global security.

If securities are issued only in the form of a global security, an investor should be aware of the following:

- an investor cannot cause the securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;
- an investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the securities, as we describe under "Legal Ownership of Securities;"
- an investor may not be able to sell interests in the securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;
- an investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;
- the depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and any applicable trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way;
- the depository may, and we understand that DTC will, require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds, and your broker or bank may require you to do so as well; and

- financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

#### **Special Situations When a Global Security Will Be Terminated**

In a few special situations described below, the global security will terminate and interests in it will be exchanged for physical certificates representing those interests. After that exchange, the choice of whether to hold securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in securities transferred to their own name, so that they will be direct holders. We have described the rights of holders and street name investors above.

The global security will terminate when the following special situations occur:

- if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security and we do not appoint another institution to act as depositary within 90 days;
- if we notify any applicable trustee that we wish to terminate that global security; or
- if an event of default has occurred with regard to securities represented by that global security and has not been cured or waived.

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of securities covered by the prospectus supplement. When a global security terminates, the depositary, and not we or any applicable trustee, is responsible for deciding the names of the institutions that will be the initial direct holders.

In connection with the registration rights we granted to the selling stockholders, we filed with the Securities and Exchange Commission a registration statement on Form S-3, of which this prospectus forms a part, with respect to the resale or other disposal of the shares of class A common stock offered by this prospectus or interests therein from time to time on The NASDAQ National Market, in privately negotiated transactions or otherwise. We have also agreed to prepare and file amendments and supplements to the registration statement to the extent necessary to keep the registration statement effective for the period of time required under our agreement with the selling stockholder.

The actual number of shares of class A common stock covered by this prospectus to be sold by the selling stockholders, and included in the registration statement of which this prospectus forms a part, includes additional shares of class A common stock that may be issued with respect to the shares of class A common stock as a result of stock splits, stock dividends, reclassifications, recapitalizations, combinations or similar events.

Percentage ownership calculations are based on 23,860,498 shares of our class A common stock outstanding as of June 15, 2005. The number of shares of class A common stock outstanding as of June 15, 2005 does not include (i) 53,750 shares of our series A redeemable convertible preferred stock issued and outstanding and convertible as of the date of this prospectus into an aggregate of 4,924,631 shares of our class A common stock or (ii) 988,200 shares of our class B common stock issued and outstanding and convertible as of the date of this prospectus into an aggregate of 988,200 shares of our class A common stock. The following table sets forth, to our knowledge, information about the selling stockholders as of June 15, 2005. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission, or SEC, and includes voting or investment power with respect to shares. Shares of class A common stock as to which the selling stockholder has the right to acquire within 60 days after June 15, 2005 through the exercise or conversion of any stock option, warrant, preferred stock or other right are deemed outstanding for computing the percentage ownership of the person holding such stock option, warrant, preferred stock or other right. Unless otherwise indicated below, to our knowledge, each selling stockholder named in the table has sole voting and investment power with respect to its shares of class A common stock. The inclusion of any shares in this table does not constitute an admission of beneficial ownership for the selling stockholder named below.

The following table sets forth the name of each selling stockholder who may offer its class A common stock pursuant to this prospectus and its relationship to Casella. If and when shares of class A common stock are to be offered and sold by a selling stockholder, the relevant prospectus supplement will identify the selling stockholder selling in that offering and its relationship to Casella as well as the number of shares then owned, and to be offered, by such selling stockholder, and the percentage of class A common stock owned after the completion of the offering by the selling stockholder.

- (1) The term "selling stockholder" includes donees, pledgees, transferees and other successors-in-interest selling shares received after the date of this prospectus from the selling stockholder as a gift, pledge, partnership distribution or other non-sale related transfer.
- (2) We do not know when or in what amounts a selling stockholder may offer shares for sale. The selling stockholders might not sell any or all of the shares offered by this prospectus. Because the selling stockholders may offer all or some of the shares pursuant to this offering, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares, we cannot estimate the number of shares that will be held by the selling stockholders after completion of the offering. However, for purposes of this table, we have assumed that, after completion of the offering, none of the shares covered by this prospectus will be held by the selling stockholders.
- (3) The affiliated funds are Berkshire Fund V, Limited Partnership, a Massachusetts limited partnership, and Berkshire Investors LLC, a Massachusetts limited liability company. Fifth Berkshire Associates LLC, a Massachusetts limited liability company, is the general partner of Berkshire Fund V, Limited Partnership. The managing members of Fifth Berkshire Associates LLC and Berkshire Investors LLC are: Bradley M. Bloom, J. Christopher Clifford, Kevin T. Callaghan, Richard K. Lubin, Carl Ferenbach, Jane Brock-Wilson, D. Randolph Peeler, Robert J. Small and Ross M. Jones. The address of Berkshire Partners LLC is One Boston Place, Boston, Massachusetts 02108.
- (4) Shares owned consist of 4,833,010 shares of our class A common stock issuable upon conversion of our series A redeemable convertible preferred stock. The series A redeemable convertible preferred stock is convertible at any time at the discretion of the holder thereof.

**Relationships with certain Selling Stockholders**

D. Randolph Peeler, a member of our board of directors, is one of the managing members of Fifth Berkshire Associates LLC and Berkshire Investors LLC. Mr. Peeler is also the managing director of Berkshire Partners LLC.

Other than as set forth above, the selling stockholders have not held any position or office with, and have not otherwise had a material relationship with, us within the past three years.

## PLAN OF DISTRIBUTION

We and the selling stockholders may sell the securities being offered hereby in one or more of the following ways from time to time:

- through agents to the public or to investors;
- to underwriters or dealers for resale to the public or to investors;
- directly to investors; or
- through a combination of any of these methods of sale.

We will set forth in a prospectus supplement the terms of the offering of securities, including:

- the name or names of any agents or underwriters;
- the purchase price of our securities being offered and the proceeds we or the selling stockholders will receive from the sale;
- any over-allotment options under which underwriters may purchase additional securities from us and the selling stockholders;
- any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchanges on which such securities may be listed.

The securities we and the selling stockholders distribute by any of these methods may be sold to the public, in one or more transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

### Agents

We and the selling stockholders may designate agents who agree to use their reasonable efforts to solicit purchases for the period of their appointment or to sell securities on a continuing basis.

### Underwriters

We and the selling stockholders may sell securities from time to time to one or more underwriters, who would purchase the securities as principal for resale to the public, either on a firm-commitment or best-efforts basis. If we and the selling stockholders sell securities to underwriters, we and the selling stockholders may execute an underwriting agreement with them at the time of sale, and we will name them in the applicable prospectus supplement. In connection with those sales, underwriters may be deemed to have received compensation from us and the selling stockholders in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agents. Underwriters may resell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for whom they may act as agents.

## **Direct Sales**

We and the selling stockholders may also sell securities directly to one or more purchasers without using underwriters or agents.

Underwriters, dealers and agents that participate in the distribution of our securities may be underwriters as defined in the Securities Act and any discounts or commissions they receive from us or the selling stockholders and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify in the applicable prospectus supplement any underwriters, dealers or agents and will describe their compensation. We and the selling stockholders may have agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act. Underwriters, dealers and agents may engage in transactions with or perform services for us or our subsidiaries in the ordinary course of their businesses.

## **Derivative Sales**

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment).

## **Trading Markets and Listing of Securities**

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no established trading market, other than our class A common stock, which is listed on The NASDAQ National Market. We may elect to list any other class or series of securities on any exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

In connection with an offering, an underwriter may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional securities from us in the offering, if any. If the underwriters have an over-allotment option to purchase additional securities of ours, the underwriters may close out any covered short position by either exercising their over-allotment option or purchasing securities in the open market. In determining the source of securities to close out the covered short position, the underwriters may consider, among other things, the price of securities available for purchase in the open market as compared to the price at which they may purchase securities through the over-allotment option. "Naked" short sales are any sales in excess of such option or where the underwriters do not have an over-allotment option. The underwriters must close out any naked short position by purchasing securities in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

Purchases to cover a short position and stabilizing transactions may have the effect of preventing or retarding a decline in the market price of our stock, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of our class A common stock. As a result, the price of our class A common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued at any time. These transactions may be effected on the NASDAQ National Market, in the over-the-counter market or otherwise.

### **Indemnity**

Underwriters, dealers, agents and other persons may be entitled, under agreements that they may enter into with us and the selling stockholders, to indemnification by us against certain liabilities, including liabilities under the Securities Act.

### **VALIDITY OF SECURITIES**

The validity of the securities offered hereby will be passed upon for us by Wilmer Cutler Pickering Hale and Dorr LLP, Boston, Massachusetts.

Accounting fees and expenses		25,000
Miscellaneous		23,325
Total expenses	\$	150,000

**Item 15. Indemnification of Directors and Officers.**

Section 102 of the Delaware corporate law statute allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit.

Section 145 of the Delaware General Corporation Law statute permits a Delaware corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

In the case of an action by or in the right of the corporation, Section 145 permits the corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. No indemnification may be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which the action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to be indemnified for such expenses which the Court of Chancery or such other court shall deem proper.

To the extent that a director, officer, employee, or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in the preceding two paragraphs, Section 145 requires that he be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him in connection therewith.

Section 145 provides that expenses, including attorneys' fees, incurred by an officer or director in defending any civil, criminal, administrative, or investigative action, suit, or proceeding may be paid by the corporation in advance of the final disposition of the action, suit, or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the corporation as authorized in Section 145.

Article Sixth of Casella's Amended and Restated Certificate of Incorporation eliminates the personal liability of the directors of Casella to Casella or its stockholders for monetary damages for breach of fiduciary duty as directors, with certain exceptions, and Article Seventh requires indemnification of directors and officers of Casella, and for advancement of litigation expenses to the fullest extent permitted by Section 145.

**Item 17. Undertakings.**

*Item 512(a) of Regulation S-K.* The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act that are incorporated by reference in this Registration Statement.

(2) That, for the purposes of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

*Item 512(b) of Regulation S-K.* The Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.

*Item 512(h) of Regulations S-K.* Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the indemnification provisions described herein, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

*Item 512(i) of Regulation S-K.* The undersigned Registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in the form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

*Item 512(j) of Regulation S-K.* The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under Subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.
